Final Reading of a Policy

The following policy is being presented to the School Board for review and acknowledgement of the policy:

- **Policy #807 – Health and Safety Policy**
X Mandatory Policy

Brief Description:

This is a mandatory policy required by M.S. 123B.57, Subd. 2, for school boards to qualify for health and safety revenue. MDE also requires that we review the policy with the board on an annual basis, note any changes in the policy, and have the board acknowledge review of the policy through board action. We adopted the policy in June of 2012 to meet statutory requirements. To receive health and safety revenue, school districts must submit an application to the Commissioner of Education, along with a health and safety budget adopted and confirmed by the school board as being consistent with the school district's health and safety policy. The provisions of this policy substantially reflect statutory requirements. The Minnesota Department of Education has approved this policy. There are no changes to the policy for this year. We reviewed the policy with the board at the June 9, 2014 special board meeting and are asking formal acknowledgement of review and acceptance of policy 807.
