

Achieve3000®

SOLUTION OVERVIEW & INVESTMENT PROPOSAL

PREPARED FOR:

Cedar Hill Independent School District

April 15, 2020

A Partnership That's Proven Effective

We are thrilled to continue building our partnership with Cedar Hill Independent School District for the 2020-21 school year. We're committed to your district's success and to helping all your students unlock their potential through accelerated literacy growth.

Professional Services

Our curriculum and implementation experts work with you to tailor professional learning experiences for the goals of your site and participants. Through a wide range of customized modules, modeling sessions, and consulting, we help teachers and administrators accelerate literacy learning to the next level for all populations of students. In 2020, look for even more flexible on-demand modules to free you from scheduling constraints and enjoy exclusive webinar opportunities with luminaries in literacy education like Dr. Doug Fisher and Dr. Sandy Addis. Finally, to meet the needs of the Midland Independent School District, Achive3000 is pleased to offer:

- Instructional strategy-based modules, at the site level, to enhance Achieve3000 literacy impact across the content areas
- Deep modeling support and coaching for District Trainers and Instructional Leads to support the Midland Independent School District literacy initiatives
- Monthly Train-the-Trainer opportunities to empower best practice classroom observation techniques for all Instructional Leads

Investment Proposal

Confidentiality of Data: All data generated by the school/district will be uploaded to Achieve3000's secure server. Student names will be deleted from the data file once the requested student level data is merged with Achieve3000 data. During the data analysis and report writing, the data will be stored only on Achieve3000's secure server. Data received from the district will be used for analysis purposes only and will not be stored within the Achieve3000 program. Data at rest is stored encrypted on local machines and backup servers. One year after receiving the data, Achieve3000 will purge it from all storage media.

This proposal is governed by and subject to the Achieve3000 terms and conditions at <https://www.achieve3000.com/about/terms-of-service/>. By signing this proposal, you are agreeing to such terms and conditions.
