****BUDGET QUOTE 2016****

Subject: Clean and Finish Wood Floors

Below is a quotation to machine clean and apply one (1) coat of Oil Modified Urethane High Solids Gym Finish to the wood floor in your facility. This finish, applied at 500 sq ft per gal., is equal to two (2) coats of our regular Oil Modified Gym Finish and meets the EPA VOC requirements of 350 gm/L. Additional work to include scrape gum and speed mop to remove soils.

1. High School Gym Floor: 10,807 sq. ft.	last done 7/14/11	\$ 2053.00
2. Jefferson Middle School Gym: 6399 sq. ft.	last done 7/13/11	\$ 1216.00
3. JHS Gym Floor: 10,400 sq. ft.	last done 7/14/11	\$ 1976.00

Due to many problems in the past, SFI is not responsible for removing tape residue from floor. All gym floor tape MUST be removed & tape residue MUST be cleaned up with mineral spirits prior to SFI personnel arriving at the job site. If residue is not removed from floor, the finish coats will not cure properly. If SFI employees are required to remove tape or tape residue, the customer will be billed an additional amount based on time and materials including return trip(s) to job site.

Customer is to have the floor cleared of equipment, tables, chairs, & then dust mopped. Any bleachers are to be pushed into the closed position. If you have any questions, please let me know. Also, please look over your calendar for possible dates to do the work.
