## **Principal's Report Board of Trustees Meeting January, 2017**

- **Benchmark testing for 8<sup>th</sup> grade Math and Reading, and 7<sup>th</sup> grade Writing took place on Jan. 10-11. I must commend the teachers and students for the hard work they put into these tests so that we can have data to help drive our curriculum decisions so that we can be optimally prepared for the actual tests. We are trying to make the best decisions that we can for our accommodated students. The state finally released an online test for our students to practice on. Unfortunately they can't be graded online and you can't print their answers to see their data. We literally took pictures of answer choices and stories, emailed them to ourselves and then printed them so that we could see how they are doing online. We also did several tests ½ online and ½ oral just to see which ones the students were more comfortable with. It was a lot of work, but well worth it.**
- **We have our 8<sup>th</sup> grade PBL "Shark Tank" scheduled for Wednesday, Jan. 18<sup>th</sup>.**
- **Our boys and girls basketball teams are doing very well.**
- **Mr. Robinson has plans to start meeting with 8<sup>th</sup> grade students regarding their HS graduation plans.**
- **Spring is typically a time where student interest wanes and discipline problems arise. Currently, things seem to be going very well, and hopefully, this pattern will continue through the remainder of the school year.**
