From: Daniel R. Willenborg, Director

Re: Board Policy JCAB

Mr. Willenborg presented on and led discussion regarding the renaming and revising of Policy JCAB: Investigations and Searches by School Officials. The new policy, titled *Searches of Individual Students, Lockers, and Other Personal Property*, emphasizes that school officials may conduct searches of students, their property, and vehicles on school property based upon reasonable suspicion. Reasonable suspicion is not required to search student lockers. Students have no expectation of privacy regarding their school lockers. Several modifications of the revised policy were recommended by the BOE.

Please add this item to the agenda of the Committee of the Whole meeting on October 11, 2021.
