1210 - **BOARD - SUPERINTENDENT RELATIONSHIP**

The Board of Education believes that, in general, it is the primary duty of the Board to establish policies and that of the Superintendent to administer such policies. Policy should not be originated or changed without the input or recommendation of the Superintendent. The Superintendent should be given the latitude to determine the best method of implementing the policies of the Board.

The Superintendent, as the chief administrative officer of the School District, is the primary professional advisor to the Board. S/He is responsible for the development, supervision, and operation of the school program and facilities, including the development of administrative guidelines consistent with Policy 1230.01 – Development of Administrative Guidelines.

Individual members of the Board cannot act for the Board on any matter unless officially delegated by the School Board with the authority to do so. Members shall refrain from involving themselves in administrative matters and from asking the District Administrator for personal considerations. Board members shall refer all non-action matters and criticisms to the District Administrator.

Cooperation is the key to good teamwork. This applies to policy development, district organizations and operation, bond issues, building plans and procedures, site selection, insurance, salaries, transportation, food services, instructional services, and developmental plans for new programs. The team should recognize the need for continuous evaluation of all the functions and services of the school system.

The Superintendent and those administrators directed by the Superintendent shall attend all Board meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

Title STUDENT SUPERVISION AND WELFARE
Number po1213
Status

1213 - **STUDENT SUPERVISION AND WELFARE**

Administrative staff members because of their proximity to students are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the administrative staff member. It is the intent of the Board of Education to direct the preparation of guidelines that would minimize that possibility.

An administrative staff member, or a person who works or volunteers with children, who is found to have had sexual contact with a student, including a student age sixteen (16) or older, shall be referred to the proper authorities and be subject to discipline up to and including discharge.

This section should not be construed as affecting any obligations on the part of staff to report suspected child abuse under Wis. Stats. 48.981 and Policy 8462.

It is the responsibility of the Superintendent to ensure the following standards:

- A. Each administrative staff member shall maintain a standard of care for supervision, control, and protection of students commensurate with assigned duties and responsibilities.
- B. An administrative staff member should not volunteer to assume responsibility for duties s/he cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- C. An administrative staff member shall provide proper instruction in the safety matters presented in assigned course guides.
- D. Each administrative staff member shall inform the Principal of any accident or detected safety hazards.
- E. Each administrative staff member shall inform the Principal of any knowledge of threats of violence by students.
- F. An administrative staff member shall not send students on any personal errands.
- G. An administrative staff member shall not associate with students at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs.

This provision should not be construed as precluding an administrative staff member from associating with students in private for legitimate or proper reasons.

- H. If a student comes to an administrative staff member to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, the staff member may help the student make contact with certified or licensed individuals in the District or community who specialize in the assessment, diagnosis, and treatment of the student's problem. Under no circumstances should a staff member attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose, or treat the student's problem or behavior.
- I. An administrative staff member, other than the Superintendent, shall not transport students in a private vehicle without the approval of the Principal.
- J. A student shall not be required to perform work or services that may be detrimental to his/her health.
- K. Administrative staff members shall not engage students in social media and online networking media.
- L. Administrative staff members are expressly prohibited from posting any video or comment pertaining to any student on personal social networking media or similar forums.

Most information concerning a child in school is a confidential student record under Federal and State laws. Any administrative staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse (see Policy 8330).

Pursuant to the laws of the State and Board Policy 8462, each administrative staff member shall report to the proper legal authorities immediately, any sign of suspected child abuse or neglect.

Any complaint received regarding the Superintendent or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall assume the role of CO for such complaints.

Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a Principal, District Administrator, or other supervisory employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her position to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the District Administrator.

Within two (2) business days of receiving the complaint, the CO will initiate an investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including this Policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the District Administrator.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO, the Superintendent must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

If the Superintendent determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the District Administrator's final decision. In an attempt to resolve the complaint, the Board shall review the findings and may meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of its decision. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Board will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants will be advised that their identities may become known to the Respondent(s) through the investigation process.

During the course of an investigation, the CO will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

All public records created as a part of an investigation of a complaint of discrimination/retaliation will be maintained in accordance with the School Board's records retention policy.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law. When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised their rights, aided or encouraged any other person in the exercise of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Title NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE
Number po1422.02
Status

1422.02 - **NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE**

The Board of Education prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information.

Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited.

In accordance with the Genetic Information Nondiscrimination Act (GINA), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with this Act, employees are directed not to provide any genetic information, including the individual's family medical history, in response to necessary requests for medical information, with the exception that family medical history may be acquired as part of the certification process for FMLA leave, when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual's family medical history, in response to requests for medical information as part of the District's application process.

The District recognizes that genetic information may be acquired through commercially and publicly available documents like newspapers, books, magazines, periodicals, television shows or the Internet. The District prohibits, however, its employees from searching such sources with the intent of finding or obtaining genetic information, or accessing sources from which they are likely to acquire genetic information.

"Genetic information," as defined by GINA, means information about: (a) an individual's genetic tests; (b) the genetic tests of that individual's family members; (c) the manifestation of disease or disorder in family members of the individual (i.e., family medical history); (d) an individual's request for, or receipt of, genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or (e) the genetic information of a fetus carried by an individual or a pregnant woman who is a family member of the individual and the genetic information of an embryo legally held by an individual or family member using assistive reproductive technology.

If the District either legally and/or inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment or a medical provider it shall be treated as a confidential medical record in accordance with law.

The Superintendent shall appoint a compliance officer who shall be responsible for overseeing the District's compliance with Federal regulations and promptly dealing with any inquiries or complaints. S/He shall also verify that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members, and that all District requests for health-related information (e.g., to support an employee's request for reasonable accommodation under the ADA or a request for sick leave) is accompanied by a written warning that directs the employee or health care provider not to collect or provide genetic information. The warning shall read as follows:

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board of Education, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic test, the fact that an individual or an individual's family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an

individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

The District offers health services, including a wellness program. Participation in the services/program is voluntary. Genetic information (such as family medical history) may be obtained as part of an individual's participation in the service/program. If that occurs, individual genetic information may be provided to the individual receiving the services and to his/her health services providers, but only genetic information in aggregate form will be provided to the Board.

Title PHYSICAL EXAMINATION
Number po1460
Status

1460 - **PHYSICAL EXAMINATION**

The Board of Education requires any candidate who has been offered employment, as a condition of employment to submit to an examination, including a tuberculosis screening questionnaire, subject to further tests, in order to determine the physical capacity to perform assigned duties. Such examinations shall be done in accordance with 118.25 Wis. Stats., the Superintendent's guidelines, and applicable law.

In addition, the School Board has specifically evaluated employee classifications and specific positions in the District and has determined that School District employment is safety sensitive. Therefore, an initial drug screening and satisfactory screening results shall be required of employees prior to assuming active employment for the District.

Employees will be required to execute a release that complies with the requirements of the Health Insurance Portability and Accountability Act in order to allow the report of the medical examination to be released to the Board/Superintendent and to allow the Superintendent or his/her designee to speak to the health care provider who conducted the medical examination in order to get clarification.

Reports of all such examinations or evaluations shall be delivered to the Superintendent, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. In compliance with the Genetic Information Nondiscrimination Act (GINA) and Board Policy 1422.02 the successful candidate who is required to submit to a medical examination, as well as the health care provider that is designated by the Board to conduct the examination, are directed not to collect genetic information or provide any genetic information, including the candidate's family medical history, in the report of the medical examination.

Employees will be notified of the results of the medical examination upon receipt. Any and all reports of such examination will be maintained in a separate confidential personnel file in accordance with the Americans with Disabilities Act, as amended ("ADA") and the Genetic Information Nondiscrimination Act (GINA).

In the event of a report of a condition that could influence job performance, the Superintendent shall base a non-employment recommendation to the Board upon a conference with the examining physician and substantiation that the condition is directly correlated to defined job responsibilities and reasonable accommodation will not allow the employee or prospective employee to adequately fulfill those responsibilities. Freedom from tuberculosis in a communicable form is a condition of employment for positions in which the employee will come in contact with children or prepare food.

The Board shall assume any fees for required examinations.

Title UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY
Number po1461
Status

1461 - **UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY**

It is the policy of the Board of Education to protect students and employees from the effects of contagious diseases and other circumstances that render the Superintendent or other administrative staff members unable to perform their duties.

The Board authorizes the Superintendent to place an administrative employee on leave for physical or mental condition that affects the employees ability to perform assigned duties in conformance with the law.

The Superintendent shall require that the administrative staff member submit to an appropriate examination by a healthcare provider designated and compensated by the District.

The employee will be required to execute a release that complies with the requirements of the Health Insurance Portability and Accountability Act (HIPAA) in order to allow the report of the medical examination to be released to the Board/Superintendent and to allow the Superintendent to speak to the health care provider who conducted the medical examination in order to get clarification. Refusal to submit to an appropriate examination or to execute the HIPAA release will be grounds for disciplinary action, up to and including termination.

As required by Federal law and regulation and Board Policy 1422.02, the Superintendent shall direct the provider designated by the Board to conduct the examination not to collect genetic information or provide any genetic information, including the individual's family medical history, in the report of the medical examination.

Pursuant to State law and in accordance with the Americans with Disabilities Act, as amended (ADA) and the Genetic Information Nondiscrimination Act (GINA), the results of any such examination shall be treated as a confidential medical record and will be exempt from release, except as provided by law. If the District inadvertently receives genetic information about an individual who is required to submit to an appropriate examination from the medical provider, it shall be treated as a confidential medical record as required by the ADA.

If, as a result of such examination, the administrative staff member is found to be unable to perform assigned duties, they shall be placed on leave of absence until proof of recovery, satisfactory to the Superintendent, is furnished.

Should an administrative staff member refuse to submit to the examination requested by the Superintendent such refusal shall subject the professional staff member to disciplinary action.

The Superintendent may designate any period of leave under this policy as qualifying leave under State and/or Federal FMLA leave entitlement consistent with Policy 3430.01 as provided by law.

Similarly, the Board may require the Superintendent to follow the procedures outlined in this policy should there be applicable circumstances.

1619.02 - PRIVACY PROTECTIONS OF FULLY INSURED GROUP HEALTH PLANS

The Board of Education provides coverage to eligible employees under fully insured group health plans. The Board has established the following fully insured group health plans:

- A. Medical Plan
- B. Prescription Drug Plan
- C. Dental Plan
- D. Employee Assistance Plan

Comply with the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule as amended by Title I of the Genetic Information Nondiscrimination Act (GINA). Fully insured group health plans generally are exempt from many of the requirements imposed upon self-funded group health plans.

The Board also acknowledges that these fully insured group health plans are required to comply with the HIPAA Security Rule. The group health plans, working together with the insurer, will ensure the confidentiality, integrity, and availability of the group health plans' electronic protected health information in accordance with the HIPAA Security Rule.

The Board hereby appoints Payroll/Human Resources Bookkeeper to serve as the Security Official of the group health plans. All of the group health plans' functions are carried out by the insurer and the insurer owns and/or controls all of the equipment and media used to create, maintain, receive, and transmit electronic protected health information relating to the group health plans. Accordingly, the insurer is in the best position to implement the technical, physical, and administrative safeguards required by the HIPAA Security Rule.

The Security Official does not have the ability to assess or adjust the insurer's policies related to the HIPAA Security Rule. Accordingly, unless otherwise determined by the Security Official, the group health plans shall utilize as administrative guidelines the insurer's own policies addressing security measures for the group health plans' electronic Protected Health Information.

The U.S. Department of Health and Human Services (HHS) has the authority to impose civil monetary penalties upon Covered Entities. HHS has not historically imposed these penalties directly upon individuals. Notwithstanding the foregoing, the Board agrees to indemnify and hold harmless the Privacy Official and Security Official in connection with the performance of their delegated duties for the group health plans, except to the extent that any liability is imposed as the result of intentional misconduct or gross negligence by the Privacy Official or Security Official as defined by law.

The fully insured group health plans established by the Board shall:

- A. Refrain from taking any retaliatory action against any individual from exercising any right under the plan, filing a complaint with Health and Human Services, participating in any proceeding under Part C of Title XI of the Social Security Act, or opposing any act or practice made unlawful by the Privacy Rule provided that the individual has a good faith belief that the practice opposed is unlawful.
- B. Not impose a requirement that participants waive their rights under the Privacy Rule as a condition of the provision of payment, enrollment in a health plan, or eligibility of benefits.
- C. If the plan document is amended in accordance with the Privacy Rule, the plan must retain a copy of the plan document as amended for six (6) years from the date of its amendment or the date when it last was in effect, whichever is later.

D. Provide notification to affected individuals, the Secretary of the U.S. Department of Health and Human Services, and the media (when required), if the plan or one of its business associates discovers a breach of unsecured protected health information, in accordance with the requirements of HIPAA and its implementing regulations.

Fully insured group health plans established by the Board shall not create or receive protected health information, except for:

- A. Summary health information. Summary health information is de-identified information that summarizes claims history, claims expenses, or type of claims experienced by health plan participants.
- B. Information on whether an individual is participating in a group health plan, or is enrolled in or has disenrolled from a health insurance issuer or HMO offered by the plan.
- C. Information disclosed to the plan under a signed authorization that meets the requirements of the Privacy Rule.

Title SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT
Number po1623
Status

1623 - SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

The Board of Education prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one (1) or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

The Board designates the following individuals to serve as the District's 504 COs/ADA Coordinators (hereinafter referred to as the "COs").

A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the District COs.

The COs will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See Complaint Procedure below.)

Training

The COs will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the COs will be posted throughout the District, and published in the District's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with COs within the time limits specified below. The COs are available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the CO.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the CO. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged

Title FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

1630.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

Introduction

In accordance with Federal and State law, the Board of Education will provide family and medical leave to administrative staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, staff members should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

Eligibility Requirements

To be eligible for leave under the FMLA, a staff member must have been employed by the Board for at least twelve (12) months in the past seven(7) years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. All full-time instructional staff members are deemed to meet the 1,250 hour requirement.

To be eligible for leave under the WFMLA, a staff member must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to the staff member under this policy, as well as the staff member's rights during leave, depend upon whether the staff member satisfies the above requirements.

Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom the staff member has assumed the day-to-day obligations of a parent. A child must be either under eighteen (18) years of age or unable to care for himself/herself due to a physical or mental disability or, for leave under State law only, unable to care for himself/herself due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if the staff member is requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her position

E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short- notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post- deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six (26) weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The Superintendent will determine whether an employee's request for leave qualifies under one (1) of the above categories.

Amount of Leave Available

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Definitions of Serious Health Conditions

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

A. Hospital Care

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

B. Absence Plus Treatment

A period of incapacity of more than three (3) consecutive calendar days* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

C. Pregnancy

Any period of incapacity due to pregnancy, or for prenatal care.

D. Chronic Conditions Requiring Treatment

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

E. Permanent/Long-Term Conditions Requiring Supervision

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. You or your family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

F. Multiple Treatments (Non-Chronic Conditions)

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

Required Staff Member Notice

The staff member must provide the Superintendent with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for your own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

Staff members must provide an explanation as to why proper advance notice was not provided in such cases and may be required to verify the explanation. Notice that was not provided timely without reasonable explanation may result in the denial of the leave request.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the Superintendent (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her supervisor in order to work out a treatment schedule which best suits his/her needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he must notify the Superintendent within two (2) business days of learning of the circumstances necessitating the extension.

Certification By Healthcare Provider

If a staff member requests leave due to his/her own serious health condition or the serious health condition of his/her spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the Superintendent within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the Superintendent as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The Superintendent will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the Superintendent doubts the validity of a certification, the Superintendent may require, at the Board's expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The Superintendent may request re-certifications on a periodic basis as permitted by law.

Designation of Leave

In all circumstances, it is the responsibility of the Superintendent to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her rights and responsibilities under this policy.

The Superintendent will give the staff member the notice on each occasion that s/he notifies his/her supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one (1) notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the Superintendent will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the Superintendent sufficient to enable him/her to determine that the leave is being taken for an FMLA-qualifying reason.

The Superintendent will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

Manner In Which Leave Can Be Taken

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the Superintendent may offer a staff member a temporary transfer to another position for which s/he is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the Superintendent for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

Coordinating Leaves - Substitution

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member **must** use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which s/he have earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

Continuation of Benefits

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying his/her portion of health insurance premiums regardless of whether his/her family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the Superintendent for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

Accrual of Benefits

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

Employment Restoration

A staff member will generally be reinstated to the same position s/he held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if s/he had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, s/he is not entitled to be reinstated.

A staff member who exceeds his/her FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member may be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify his/her supervisor immediately. Upon such notice, the Superintendent will promptly reinstate the staff member to active employment, provided s/he has the present skill and ability to perform the essential functions of his/her job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of his/her ability to return to work.

Fitness For Duty Certification

If leave is due to the staff member's serious health condition, s/he must present certification to return to work to his/her supervisor upon returning to work. The staff member's Principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, s/he may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

Confidentiality

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

No Discrimination

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

Miscellaneous

The Superintendent may designate another administrator to perform his/her duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The Superintendent shall see that the policy is posted properly.

The Superintendent shall provide a copy of the policy upon the request of a staff member.

The Board of Education is committed to a work environment that is free of harassment of any form. The Board will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it. Any member of the School District community who violates this policy will be subject to disciplinary action, up to and including termination of employment. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our employees.

The Board will vigorously enforce its prohibition against harassment based on race, color, national origin, age, sex (including transgender status, change of sex, sexual orientation, or gender identity), pregnancy, creed or religion, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service (as defined in 111.32, Wis. The Board prohibits harassment that affects tangible job benefits, interferes unreasonably with an individual's work performance, or creates an intimidating, hostile, or offensive working environment. Harassment may occur employee- to-employee, employee-to-student, male-to-female, female-to-male, male-to-male, or female-to-female.

The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the School Board will take immediate steps calculated to end the harassment, prevent its reoccurrence, and, if applicable, remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "School District community" means individuals subject to the control and supervision of the Board including, but not limited to, students, teachers, staff, volunteers, and Board members, agents, contractors, or other persons.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the District, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off School District property).

Definitions

- C. has the effect of substantially disrupting the orderly operation of a school or any other aspect of the District's operations.

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex constitutes sexual harassment when:

- A. a supervisory employee engages in harassing behavior towards a subordinate employee, regardless of whether such conduct creates a hostile work environment;
- B. acquiescence in or submission to such conduct is an explicit or implicit term or condition of employment;
- C. an individual's acquiescence in, submission to, or rejection of such conduct becomes the basis for employment decisions affecting that individual;
- D. such conduct is sufficiently severe, pervasive, and persistent such that it has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment;

- F. inappropriate boundary invasions by a District employee or other adult member of the District into a student's personal space and personal life.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome sexual propositions, invitations, solicitations, and flirtations;
- B. physical and/or sexual assault;
- C. threats or insinuations that a person's employment, wages, promotion, assignments, or other conditions of employment may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls, text messages, or social media postings;
- E. sexually suggestive objects, pictures, videotapes, audio recordings, or literature, placed in the work or educational environment, which may embarrass or offend individuals;
- F. unwelcome and inappropriate touching, patting, or pinching; obscene gestures;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment; and
- J. verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.
- K. invading an employee's privacy (i.e., walking in on the employee in the bathroom, locker room, or asking or commenting about clothing sizes or previous sexual experiences)

Sexual relationships between staff members, where one staff member has supervisory responsibilities over the other, are discouraged as a matter of Board policy. Such relationships have an inherent possibility of being construed as sexual harassment because the consensual aspect of the relationship may be the result of implicit or explicit duress caused by uncertainty regarding the consequences of non-compliance.

Romantic or sexual relationships between District staff (teachers, aides, administrators, coaches or other school authorities) and a student is expressly prohibited. Any school staff member who engages in sexual conduct with a student may also be guilty of a crime and any information regarding such instances will be reported to law enforcement authorities.

Boundary Invasions

Boundary invasions may be appropriate or inappropriate. Appropriate boundary invasions make medical or educational sense. For example, a teacher or aide assisting a kindergartner after a toileting accident or a coach touching a student during wrestling or football can be appropriate. However other behaviors might be going too far, are inappropriate and may be signs of sexual grooming. Inappropriate boundary invasions may include, but are not limited to the following:

- A. hugging, kissing, or other physical contact with a student
- B. telling sexual jokes to students
- C. engaging in talk containing sexual innuendo or banter with students
- D. talking about sexual topics that are not related to curriculum with students
- E. showing pornography to a student
- F. taking an undue interest in a student (i.e. having a "special friend" or a "special relationship")
- G. initiating or extending contact with students beyond the school day for personal purposes
- H. using e-mail, text-messaging or websites, including social media, to discuss personal topics or interests with students
- I. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval
- J. invading a student's privacy (e.g. walking in on the student in the bathroom, locker-room, asking about bra sizes or previous sexual experiences)
- K. going to a student's home for non-educational purposes
- L. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of student)
- M. giving gifts or money to a student for no legitimate educational purpose
- N. accepting gifts or money from a student for no legitimate educational purpose
- O. being overly "touchy" with students
- P. favoring certain students by inviting them to come to the classroom at non- class times
- Q. getting a student out of class to visit with the staff member
- R. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so
- S. talking to a student about problems that would normally be discussed with adults (i.e. marital issues)
- T. being alone with a student behind closed doors without a legitimate educational purpose
- U. telling a student "secrets" and having "secrets" with a student
- V. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly to one of the District Compliance Officers, as designated in this policy, the Building Principal or the Superintendent.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Age Harassment

Prohibited age based harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's age, being over age forty (40), and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.

Race/Color Harassment

Prohibited race/color based harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race and/or color and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability, perceived disability, or record of disability, and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment. Such harassment may occur where conduct is directed at the characteristics of a person's current or past disabling condition or a perceived condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Members of the School District community and third parties, which includes all staff, are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other District official who receives such a complaint shall file it with the District's Compliance Officer at his/her first opportunity.

Members of the School District community or third parties who believe they have been harassed by another member of the School District community or a third party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment unless the complaining individual makes the complaint maliciously or with knowledge that it is false.

Reporting procedures are as follows:

- A. Any employee who believes s/he has been the victim of harassment prohibited under this policy is encouraged to report the alleged harassment to the appropriate school official as identified in D below.
- B. Teachers, administrators, and other school officials who have knowledge of or receive notice that an employee has or may have been the victim of harassment prohibited under this policy shall immediately report the alleged harassment to the appropriate school official as defined in D below.
- C. Any other person with knowledge or belief that an employee has or may have been the victim of harassment prohibited by this policy shall be encouraged to immediately report the alleged acts to an appropriate school official as identified in D below.
- D. Appropriate school officials are as follows:
 1. Any complaint under this policy shall be reported to the District's Compliance Officer unless the complaint is regarding the Compliance Officer. In such cases, the complaints shall be reported to the Superintendent, who shall assume the role of the District Compliance Officer for such complaints.
 2. Any complaint under this policy regarding the Superintendent or Board Member that is received by the District Compliance Officer shall be referred to the School Board's legal counsel, who shall assume the role of the District Compliance Officer for such complaints.
- E. The reporting party or complainant shall be encouraged to use a report form available from the Principal of each building or available from the District office, but oral reports shall be considered complaints as well. Use of formal reporting forms shall

not be mandated. However, all oral complaints shall be reduced to writing. Further, nothing in this policy shall prevent any person from reporting harassment directly to the Superintendent.

F. To provide individuals with options for reporting harassment to an individual of the gender with which they feel most comfortable, the District shall designate both a male and a female District Compliance Officer.

District Compliance Officers

The Board designates the following individuals to serve as the District's "Compliance Officers" (hereinafter referred to as the "COs").

| | |
|--------------------------------------|--------------------------------------|
| Mary O'Brien | Jim Dillin |
| Director of Student Services | High School Principal |
| (608) 847-5451 ext. 6602 | (608) 847-4410 ext. 4424 |
| 510 Grayside Ave., Mauston, WI 53948 | 800 Grayside Ave., Mauston, WI 53948 |
| mobrien@maustonschools.org | jdillin@maustonschools.org |

The names, titles, and contact information of these individuals will be published annually in the parent and staff handbooks and on the School District's web site.

A CO will be available during regular school/work hours to discuss concerns related to harassment, to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct.

The COs are assigned to accept complaints of harassment directly from any member of the School District community or a visitor to the District, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO will begin either an investigation or the CO will designate a specific individual to conduct such a process. The CO will prepare recommendations or will oversee the preparation of such recommendations. All members of the School District community should report incidents of harassment that are reported to them to the CO within two (2) business days of learning of the incident.

Investigation and Complaint Procedure

Any employee or other member of the School District community or visitor to the District who believes that s/he has been subjected to harassment or has witnessed harassment of another may seek resolution of his/her complaint through the procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of harassment was substantiated are set forth below.

Once the complaint process begins, the investigation will be complete in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

Complaint Procedure

An individual who believes s/he has been subjected to harassment hereinafter referred to as the "complainant," may file a complaint, either orally or in writing with a teacher, Principal, CO, Superintendent, or other supervisory employee. As noted above, any complaint received regarding the Superintendent or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the Superintendent, who shall assume the role of the CO for such complaints.

Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a Principal, Superintendent, or other supervisory employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process as described herein, the CO should keep the parties informed of the status of the investigation and the decision making process.

All written complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be actively engaging in, harassment; a detailed description of the facts upon which the complaint is based; and

a list of potential witnesses.

If the complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the complainant from further harassment or retaliation including but not limited to a change of work assignment or schedule for the complainant and/or the alleged harasser. In making such a determination, the CO should consult the Complainant to assess his/her position to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deem appropriate in consultation with the Superintendent. No temporary arrangements shall be disciplinary to either the complainant or respondent.

Within two (2) business days of receiving a complaint, the CO will inform the individual alleged to have engaged in the harassing conduct, hereinafter referred to as the "respondent", that a complaint has been received.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The respondent will be informed about the nature of the allegations and a copy of this policy shall be provided to the respondent at that time. The respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Within five (5) business days of receiving the complaint, the CO will initiate a formal investigation to determine whether the complainant has been subject to offensive conduct/harassment.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of harassment within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. interviews with the complainant;
- B. interviews with the respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of harassment as provided in this policy and State and Federal law as to whether the complainant has been subject to harassment. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. The CO may consult with the School Board Attorney before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO, the Superintendent must either issue a final decision regarding whether or not the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the complainant and the respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

The decision of the Superintendent shall be final. If the investigation results in disciplinary action, the employee subject to discipline is entitled to file a grievance pursuant to Board Policy 3340. Nothing in this policy shall be construed to prevent an employee from bringing a complaint before the Equal Employment Opportunity Commission or the Wisconsin Equal Rights Division.

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or third party alleging the harassment pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and all the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligation in an investigation of harassment. The School District will respect the privacy of the complainant, the respondent, and all witnesses in a manner consistent with the School District's legal obligations under State and Federal law.

Confidentiality, however, cannot be guaranteed. All complainants proceeding through the formal investigation process should be advised that their identities may be disclosed to the respondent.

During the course of an investigation, the CO will determine whether confidentiality during the investigation process is necessary to protect the interests and reputations of those involved and/or to protect the integrity of the investigation and if so shall instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the CO in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the State or Federal law will be maintained in a manner consistent with the law.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable law. When imposing discipline, the Superintendent shall consider the totality of the circumstances. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

All sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Allegations Constituting Criminal Conduct

If the CO has reason to believe that the complainant has been the victim of criminal conduct, such knowledge should be reported to local law enforcement. After such report has been made, the Superintendent shall be advised that local law enforcement was notified.

If the complainant has been the victim of criminal conduct and the accused is the Superintendent, such knowledge should be reported by the CO to local law enforcement. After such report has been made the **Board President** shall be advised that local law enforcement was notified.

Any reports made to local law enforcement shall not terminate the COs obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, the harassment investigation shall not be stopped due to the involvement of outside agencies without good cause after consultation with the Superintendent.

Reprisal

Submission of a good faith complaint or report of harassment will not affect the complainant's or reporter's work status or work environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.

The District will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Miscellaneous

The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address, and telephone number of the COs, the name, mailing address, and telephone number of the State agency responsible for investigating allegations of discrimination in educational employment, and the mailing address and telephone number of the United States Equal Opportunity Employment Commission.

A **summary of** this policy and any related administrative guidelines shall appear in the employee handbook and a copy shall be made available upon request of employees and other interested parties.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of harassment. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District staff at such times as the Board in consultation with the Superintendent determines is necessary or appropriate.

The Board will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as practicable, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery, disclosure, or other legal obligations.
