English Learners Summer School GOALS:

1. Develop English language proficiency through explicit instruction in listening, speaking, reading, and writing. Focus will be on students in Kindergarten through 4th grade, primarily newcomers and those with limited English proficiency.
2. Allow our young EL students to develop their social and language skills before entering Kindergarten.
3. Facilitate number and letter recognition to our young ELs
4. Reinforce reading skills and math concepts to our struggling EL students.
5. Teach classroom vocabulary, expectations, and help our students to become familiar with our school and staff.
