

**Superintendent Comments**  
**Board Workshop**  
**June 9, 2025**

1. **Jefferson Building RFP**  
At this point there is not much to report. Advertising has been placed and I hand delivered a copy to the City and Port Authority. I will follow up with them next week to see if they need any additional information. The next step in the process is the site visit on June 18th at 8:00 a.m.
2. **2025 Legislative Session**  
The Governor just announced that a special session will be held on Monday, June 9th. If a miracle happens and they get their work done early, I will do my best to have a summary. As of today, I know something about the framework, but no details. There is also a possibility that everything blows up, so we will see.
3. **Finance Update**  
I have a suggestion for a framework for a finance committee. In rough terms, we would meet quarterly, and the committee would be made up of myself, Lisa Rider, the four principals, two board members, and two members of the community at large. Additional individuals such as the Director of Buildings and Grounds, or Community Education could be invited if there are specific topics related to those areas.
4. **2025 Board Retreat Dates and Topics**  
This was briefly mentioned at the last board meeting. Tentative dates would be some time the week of July 14th. Topics to be determined.
