Re: School Bus Stop-Arm Camera Interlocal Agreement Resolution

In order to help further ensure student safety when entering and exiting a school bus, Dallas County Schools, our school bus service provider, has installed stop-arm cameras on all of our school buses. In order for them to be able to enforce the law that requires all vehicles to stop when the school bus stop-arm is displayed (and subsequently issue fines), Interlocal Agreements must be jointly adopted by Dallas County Schools, the City of Coppell, and Coppell ISD.

Sergeant Casey Williams of the Coppell police will provide a brief presentation during the April 28th Board meeting to explain the program and process, and will be available to answer questions. I will be recommending the Board to pass a resolution allowing us to move forward with the process and negotiate the appropriate Interlocal Agreements with all parties. I will be using an attorney with Walsh, Anderson to assist with the Interlocal Agreement as it relates to Coppell ISD, as Walsh, Anderson has worked on the same Agreement for another local school district that contracts with Dallas County Schools.
