Middle School Athletic Coordinator

Currently trying to hire a Middle school athletic coordinator for the 2024/2025 season

Napi Elementary Athletic Coordinator

Currently hiring a Napi Elementary athletic coordinator for the 2024/2025 season

Cross Country

I finished the schedule Monday July 22, 2024 and we have coaches hired. Defending a State title I wanted to coordinate with the coach on his training and scheduled events while looking at rest and recovery. We will host 1 event this year and we usually host it on the East Glacier Golf Course.

Golf

The Head Coach resigned Monday July 22, 2024. We will have to emergency hire the assistant coach as the Head Coach and find someone to step in as the assistant which will also be an emergency hire. The schedule is finished from scratch and we are ready to attend those events and host 2. 1 varsity and 1 JV event.

Volleyball

Currently we have no coaches and 3 applications that put in for the Head Coach. Called the old coach multiple times and she called back once while losing service. I believe the old coach was out of state when she called. Still haven't received any communication with the old coach to this day. We will have to do an Emergency Hire to get a Head Coach. I have finished the schedule from scratch and we are ready to go over that with our admin.

Fall Cheerleaders

They are ready to go and doing summer workouts. Cheerleading is ready for August 15th which is the first day of practice.

Girls Soccer

Asking for approval to rehire last year's coach. She was on vacation and couldn't return calls which was the reason she didn't make the last recommendation rehire list. We currently do not have a schedule and I have to call MHS A to find out if we are still in a JV schedule.

Boys Soccer

Boys soccer has coaches and I will meet with the coach. We currently do not have a schedule and I have to contact MHS A to find out if we are still in a JV schedule.

Athletics

My computer was wiped clean of all files and I haven't been able to recover them with IT. I'm working from scratch to retrieve everything needed for our athletes to have seasons in the sports we provide.

I do not have an inventory report on any of our equipment but I am finding items and jerseys around the building.

Storage is a problem as we have multiple sports without storage. I do not have a key to all storage units either.

Two upstairs storage rooms were trashed but DOC and myself cleaned them out. I will meet with PE teachers to remedy the storage situation as we share cages.

We have keys out there not turned in and there is no inventory on keys for cages.

My office was a mess and I'm slowly cleaning it. I do not have a desk and that's an issue for filing.

First day of Practice:

Golf: August 15th

All other Fall Sports: August 16th
