

January Board Report

In the month of January, BMS welcomed an Assistant Principal, Tammy Hall-Reagan. Although Tammy has years of experience in Browning Public Schools, this is her first year at Browning Middle School. This is also her first year as an administrator and BMS staff and students are elated to have her join the team.

The Math Consultant, Mary Buck, visited this month and completed walkthroughs in all math classes. She met with the math teachers and the instructional coach and completed observations of math lessons. Her feedback for strengths are: Strong support by the administration and instructional coach, all math teachers have the same prep period, teachers were unanimous in thought about utilizing previous grade level materials, student schedules have been adjusted to meet the needs of the different Tier students. Mary will return again in March for another site visit.

January is also a month that we wrapped up another quarter and officially marked a half of a school year completed. As a start to the 3rd quarter, our Math and English/Language Arts teachers began the Winter Benchmark testing, via the Aimswebplus digital platform. This testing continued into February and a lot of preparation and planning took place by all teachers at BMS to ensure our students have a successful testing experience.

The Athletics Department welcomed a new Athletic Director, Douglas Blackman and he has been busy with Girls Volleyball games and planning and preparation for the upcoming Wrestling season. Doug is a PE/Health teacher at Browning Middle School so he is familiar with the students and the systems at Browning Middle School.
