Recruitment and Appointment of Superintendent

The appointment of a Superintendent is the legal responsibility of the Board. The Board will conduct an active search to find the person it believes can most effectively translate into action the policies of the Board, the aspirations of the community, and foster a diverse professional staff. Efforts will be made to increase recruitment of underrepresented groups, including but not limited to women, minorities and people with disabilities, through the use of nontraditional sources. Applicants who can best fulfill the role will be sought from within the school system and from without.

Appointment of Superintendent

A vote of the majority of the Board members, present at a Board meeting for which due notice has been given of the intended action, will be required for the appointment of the Superintendent.

The Board may employ an Acting Superintendent, properly certified or not, for a probationary specified period, not to exceed one school year, with the approval of the Commissioner of Education. Such time may be extended by the Commissioner for good cause shown. During such probationary period, the Acting Superintendent shall assume all duties of the Superintendent for the time specified and shall successfully complete a school leadership program, approved by the State Board of Education, offered at a public or private institution of higher education in the State. At the conclusion of the probationary period, the Board may request the Commissioner of Education to grant a waiver of certification for the Acting Superintendent, allowing the Board, if desired, to appoint the Acting Superintendent as the District's permanent Superintendent or (2) a one-time extension of such probationary period, not to exceed one additional school year, if the Commissioner determines that the Board has demonstrated a significant need or hardship for such extension.

Note: The Commissioner may waive certification for a school superintendent who (1) has at least three years of experience in the past ten years as a certified administrator with a superintendent certificate issued by another state, or (2) has successfully completed the probationary period as an acting superintendent and the Commissioner deems the individual to be exceptionally qualified for the position of superintendent.
