

**Cameron Middle School  
Board Report  
December 16, 2024**

**Recognition**

Thank you to Mr. Jensen, Mr. & Mrs. Halverson for working extra to make sure our Band & Choir performances are wonderful. It is impressive to see the progress our musicians have made.

Thank you to Sarah Glaze and our custodial staff for making Cameron Middle School so joyously festive this year. The kids absolutely love it.

**Student Activities**

12/4 - Several middle school students did Shop with a Cop at our local Walmart. They were able to buy gifts for their family and have a meal with local law enforcement.

12/9 & 12/16 - Grades 5-12 Choir & Band concerts. Amazing music was put on by the students and it was great to have functioning stage lighting during the program.

12/20 - 6th grade will host an egg-bake in the morning. Students will wrap up the week with a door decorating contest and festive dress up days.

**Staff Activities**

11/25 - Principals and Mr. Leschisin completed the Educator Effectiveness calibration session together. This calibration ensures all administrators are consistent with their evaluations measures of staff. All administrators completed the session successfully.

12/4 - Teachers completed their third of three resiliency sessions with Jon Platson. Thus far staff have found these sessions effective.

12/11 - Staff completed a district-wide 4:30 day. CMS Staff looked at interventions and calibrated our groupings up against the released state test data. We were pleasantly surprised and how our data aligned with what we were seeing from students.

12/12 - Principals and counselors attended the Barron County Truancy meeting to discuss attendance topics and continue to work together helping students.

12/13 - Chris Crowe, Jolene Severt, Hans Schmidt, Mark Rykal, Cory Martens, Chloe Wanink, Julie Olson, and Sarah Glaze met to discuss the Stronger Connections Grant and activities being done to fulfill the grant.

**Upcoming Events:**

12/24 - 1/1/25 - Christmas Vacation – No School for Students

January - Vision Screening for students in grades 5-8

January Monthly Activity - Sledding
