Advanced Academics Update

Todd Kettler, Director of Advanced Academics, will provide an update on district performance on several typical indicators of advanced academic programs: Advanced Placement (AP), SAT and ACT testing, Distinguished Achievement Program (DAP) graduates, and National Merit Scholars.

The focus of the presentation is to look at data and trends over the past 6 years. One way to look at the data is to ask how the district has performed on these indicators since the CISD Strategic Plan of 2003.
