

1 **Browning Public Schools**

2

3 Policy # **8205**

4 Policy Name: *Meal Charges*

5 *Regulation:*

6

7 The Browning School/School District has eliminated the risk for unpaid meal charges by participating in the
8 Community Eligibility Provisions (CEP) program, which is a meal service option for schools and school districts
9 operating the school meal programs in high-poverty communities. CEP allows the school to provide breakfast
10 and lunch at no cost to all enrolled children without the need to collect applications or establish individual
11 eligibility for a four-year period, thereby increasing access to school meals and eliminating unpaid meal charges.
