Board Agenda Item Overview

Meeting Date: June 20, 2023

Meeting Type: Regular

Item Category: Information Item

Primary Contact: Dr. Roosevelt Nivens

Presenter(s)/Add'l Contact(s): Greg Buchanan

Item Name: UPDATE ON POLICE STATION, TECHNOLOGY BUILDING, AND BRAZOS CROSSING ADDITIONS

Item Summary: The Bond Program Office has evaluated the technology and police station buildings, as well as the Brazos Crossing addition. The police and technology buildings were designed at 15,000 sq. ft. each. The current Brazos Crossing building is now 43,000 sq. ft. The plan is to remodel the current Brazos Crossing building to house the police and technology departments, which would be 13,000 sq. ft. more than the original design. This expansion allows for more space for each department to grow and provides a more secure location for vehicles. The plan is to build a new Brazos Crossing building that will be located opposite Traylor Stadium. Additional parking at the new Brazos Crossing building would be available for stadium parking after work hours. PBK and Corgan were responsible for designing the police station and technology building.

Recommendation: N/A

Policy Reference: CVD (Legal)

Leadership Definition Alignment: Plan for Success

Strategic Plan Alignment: Plan for Rapid Growth While Preserving District Culture

Currently, Budgeted? ☒ Yes ☐ No ☐ No Budgetary Impact

Completion or Implementation Timeline: This project is scheduled to be completed in August 2025.
