

Targeted Services and Zeros Aren't Permitted Programs (ZAP)

These programs are in place to help struggling students make progress towards academic achievement. Both programs are held on Tuesday and Thursday after school from 3:15 - 4:15. Students and parents will be contacted via letter if they will be required to attend the Targeted Services program. The ZAP program is in place for students who fail to complete class assignments. Teachers may ZAP a student, requiring him/her to stay after school on the next Tuesday or Thursday. Parents will be contacted.
