Regular Meeting - Board of Education

Date: September 26, 2019

Agenda Item # 9. D.

TOPIC: E- Learning Days

BACKGROUND: The 2017 Legislature amended the Length of School Year; Hours of Instruction statute to include the option for a district to utilize e-Learning days due to inclement weather, for up to five days in one school year. E-Learning days will be counted as an instructional day.

PURPOSE OF PRESENTATION: The district is recommending that the board adopt up to five days of e-Learning for inclement weather, with the option of not utilizing all five days. Decisions may be based on the number of emergency weather closures, their timing and staff, student and family feedback.

The purpose of the presentation is to provide the Board with information related to

- The benefit of e-Learning Days
- How we will announce and facilitate e-Learning Days
- Staff Availability during e-Learning Days
- How the e-Learning Day will differ by developmental level
- The work that still needs to be done to prepare for an e-Learning Day

LEARNING OBJECTIVE: As a result of this presentation, the Board will have an understanding of the district-wide plan for e-learning days. Each building will develop and communicate more specific plans based on grade-level/subject-level needs.
