## STEPHENVILLE INDEPENDENT SCHOOL DISTRICT GILBERT INTERMEDIATE SCHOOL EXPANSION AND RENOVATIONS

In May 2018, the voters in Stephenville ISD approved a \$60.8 million bond referendum that includes the expansion and renovation of Gilbert Intermediate School. After meeting with Mr. Saucedo, Huckabee understood the requirements for the expansion and need for the renovated spaces.

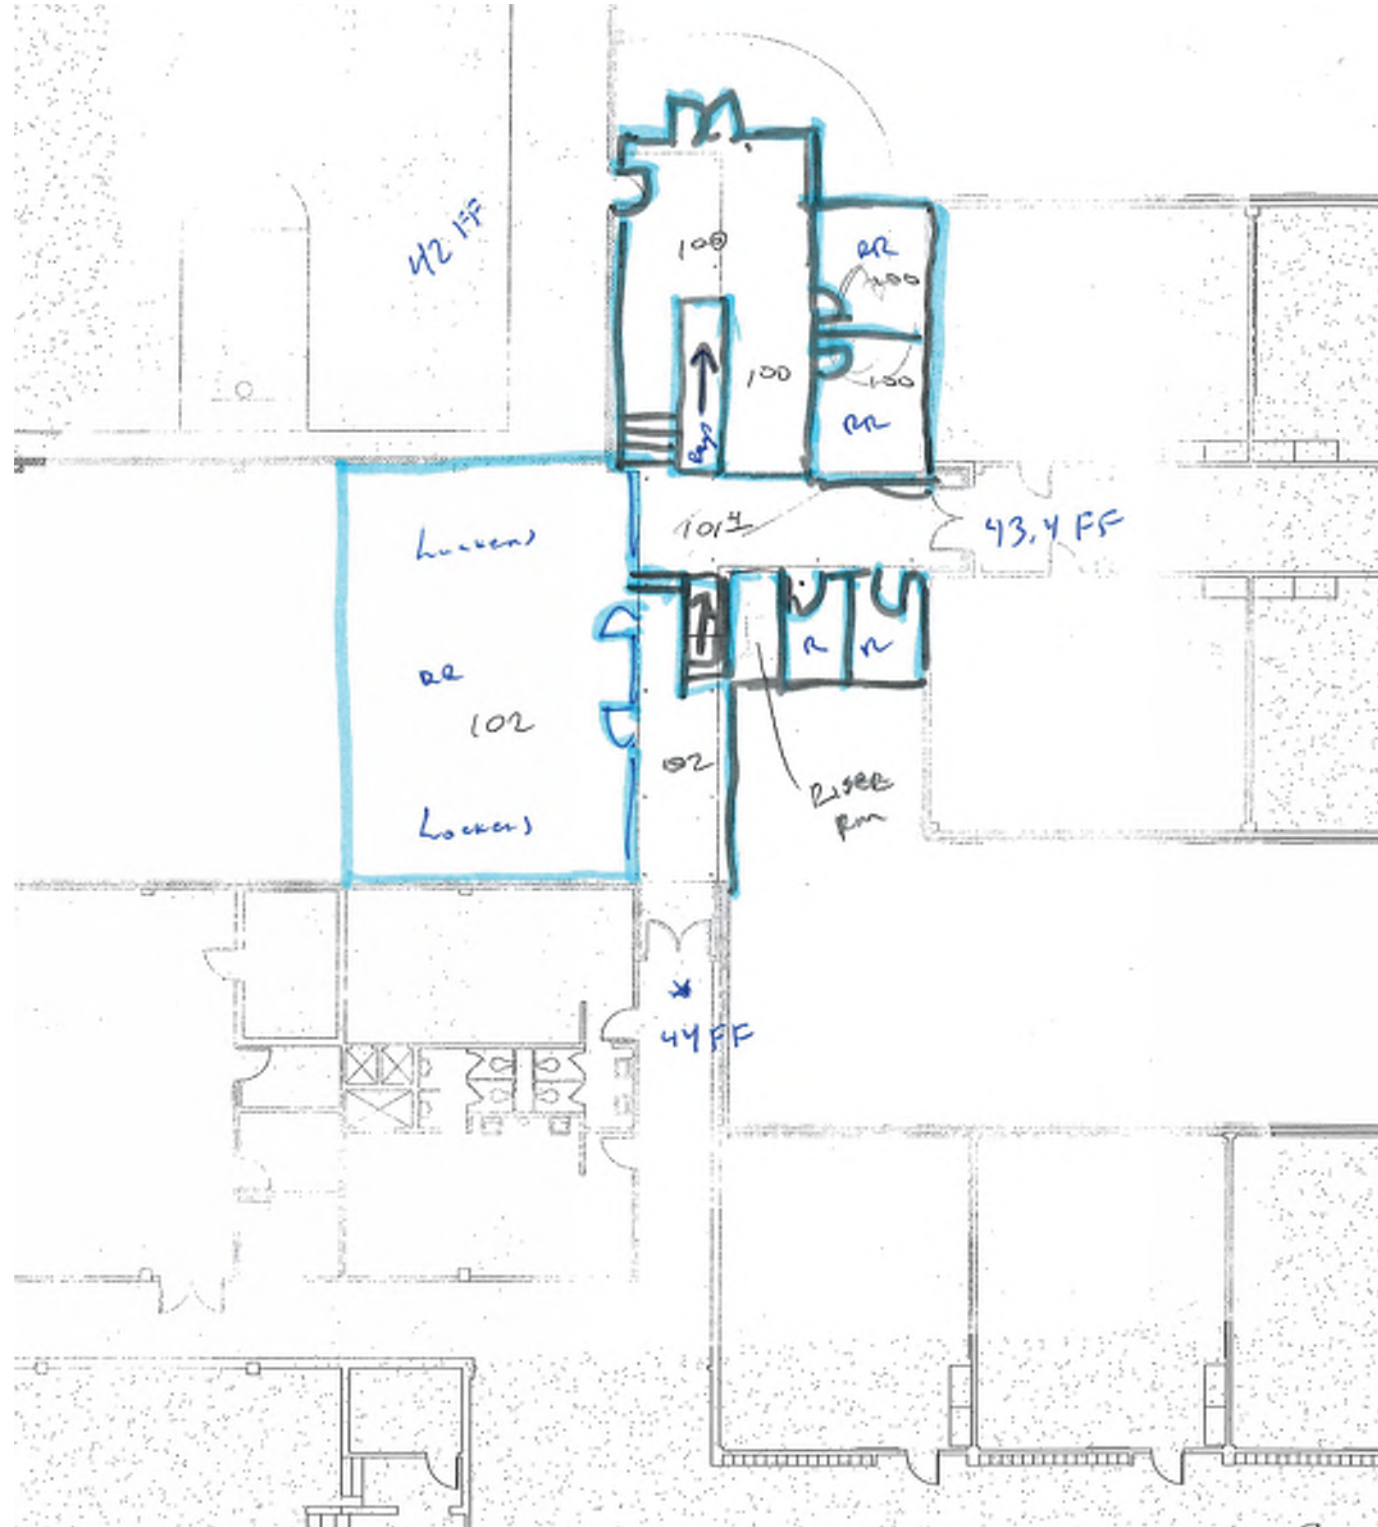

The programs included in the proposed additions include:

- New Locker Room
- New visitor's/staff restroom
- New restroom for Gym
- New connecting corridor between Main Building, Gym, and Classroom Wing

Areas within the building that will be renovated include:

- Existing PE locker room
- Fire sprinkler system installed throughout campus

Huckabee values the opportunity to serve Stephenville ISD and appreciates the exemplary collaborative effort from SISD.
