3 High School students are attending Brackett Educational Academy

I have changed the format of this report slightly this year to show students that have graduated under an IEP and may continue in school until they turn 22. These students are shown as post grad.

We have had five students move into BISD already identified as Special Education. Four are students that were here previously, left and have returned.

We are beginning school with one more Special Education student than we did last year and expect at least one Migrant student to return during this semester.

There are currently two referrals underway. Both include psychological testing recommended by a private psychologist that parents took their children to.

Please feel free to contact me with any questions.

Respectfully,  
Melanie Jones
