

Start of the School Year

The school year has gotten off to a very smooth start. Students seem happy to be back to school and it's great seeing the excitement that comes with a new school year.

Open House

Open House was held on 8/29/18. It was again a wraparound Open House to offer families the opportunity to gather information about community services all in one place. Attendance at Open House neared 100% for all classrooms. A few services available to families included: School pictures, Boy/Girl Scouts, Bussing, Food Service, Kinship, TES T-Shirt Sales. I heard many positive comments about this experience and believe that it was well received by all.
