Re: RAMP Professional Development

This memo is to recommend the professional development training that RAMP will provide for the Teacher Institute on February 14, 2025. The RAMP training will provide specific training for staff on individuals with disabilities. There will be a total of 6 sessions each lasting 90 minutes. Attached are descriptions of the courses that are being offered by RAMP. We will be choosing up to 6 different topics for the presentations. This will allow both special education and general education teachers more in depth knowledge about disabilities and working with individuals with disabilities to help foster independence and awareness. By purchasing more than 3 sessions, we will receive a discounted rate on one of our sessions.
