## Continuous Improvement and Evaluation

- Are we engaging our student-athletes and developing competence, confidence, connection, and character?
  - Athletes in our JV and Varsity programs were surveyed by our office at the conclusion of their seasons.
  - This 15 question, anonymous, electronic survey takes approximately 10 minutes to complete and addresses the above areas.

## Considerations

- Generally speaking, students involved in activities, have GPA's .8-1.2 higher than those not involved.
- How can increase activity participation, given our recent COVID decline?
- How can we educate our students and families about what we offer?
  
- QUESTIONS?
