GENERAL PROVISIONS/ TEMPLE COLLEGE- TEXAS BIOSCIENCE INSTITUTE DUAL CREDIT PROGRAM DEFINITIONS

Reference: Texas Administrative Code; Title 19; Part 1; Chapter 4; Subchapter D; Rule 4.83. **19 Tex. Admin. Code § 9.1**

- Dual Credit – A process by which a high school student enrolls in a college course and receives simultaneous academic credit for the course from both the college and the high school. While dual credit courses are often taught on the secondary school campus to high school students only, § 4.84 of this title (relating to Institutional Agreements) and § 4.85 of this title (relating to Dual Credit Requirements), also apply when a high school student takes a course on the college campus and receives both high school and college credit. Dual credit is also referred to as concurrent course credit; the terms are equivalent. However, dual (or concurrent) enrollment refers to a circumstance in which a student is enrolled in more than one educational institution (including a high school and a college). This differs from how the term “concurrent enrollment” is used (see below).
- Dual Enrollment – (previously referred to as dual or concurrent enrollment) -- Refers to a system under which a student is enrolled in more than one educational institution (including a high school and a public institution of higher education). When a student in a dual enrollment system enrolls in courses that student earns appropriate course credit from each distinct educational institution that offered the course. **Dual enrollment is not equivalent to dual credit.**

- Articulated College Credit – Credit earned through a high school-level course that fulfills specific requirements of an identified college-level course and provides a pathway for high school students to earn credit toward a technical certificate or technical degree at a partnering institution of higher education. A course that is part of an Articulation Agreement between an ISD and TC. Credit is awarded after high school graduation, and after the student enrolls at TC and successfully completes six (6) hours of college credit further meeting all requirements of the Articulation Agreement.
- International Baccalaureate Diploma Program – The curriculum and examinations leading to an International Baccalaureate diploma awarded by the International Baccalaureate Organization.
- College Board Advanced Placement--College-Level courses and exams available to secondary students under the auspices of an approved College Board program.
- Early College Education Program – A program as defined in TEC 29.908.
- Early College Program--A program developed via an institutional agreement in partnership between a public institution of higher education and high schools or school districts in which a student enrolls in courses that are part of a defined sequence of courses leading to a Board-approved certificate, AA, AS, or AAS degree program as defined in *Title 19, Part 1, Chapter 9, Rule 9.1 - Definitions of Texas Administrative Code*.

STATEWIDE DUAL CREDIT GOALS

Reference: Texas Education Code; Section 28.009; (b-1) and (b-2)

As required by HB 1638 (85th Legislature, Regular Session) and codified in the Texas Education Code, Sec. 28.009, the Texas Higher Education Coordinating Board (THECB) and the Texas Education Agency (TEA) collaboratively developed statewide goals for dual credit programs, including early college high school programs, career and technical education dual credit programs and join high school and college credit programs provided under Section 130.008, to provide uniform standards for evaluating those programs. The goals must address, at a minimum:

- (1) A dual credit program’s achievement of enrollment in and acceleration through postsecondary education
- (2) Performance in college-level coursework; and
- (3) the development of an effective bridge between secondary and postsecondary education in the state.

(b-2) as amended by [Acts 2019, 86th Leg., ch. 264](#) (S.B. 1276), § 1>

(b-2) Any agreement, including a memorandum of understanding or articulation agreement, between a school district and public institution of higher education to provide a dual credit program described by Subsection (b-1) must:

- (1) include specific program goals aligned with the statewide goals developed under Subsection (b-1);
- (2) establish common advising strategies and terminology related to dual credit and college readiness;
- (3) provide for the alignment of endorsements described by [Section 28.025\(c-1\)](#) offered by the district, and dual credit courses offered under the agreement that apply towards those endorsements, with postsecondary pathways and credentials at the institution and industry certifications;

(4) identify tools, including tools developed by the agency, the Texas Higher Education Coordinating Board, or the Texas Workforce Commission, to assist school counselors, students, and families in selecting endorsements offered by the district and dual credit courses offered under the agreement;

(5) establish, or provide a procedure for establishing, the course credits that may be earned under the agreement, including by developing a course equivalency crosswalk or other method for equating high school courses with college courses and identifying the number of credits that may be earned for each course completed through the program;

(6) describe the academic supports and, if applicable, guidance that will be provided to students participating in the program;

(7) establish the district's and the institution's respective roles and responsibilities in providing the program and ensuring the quality and instructional rigor of the program;

(8) state the sources of funding for courses offered under the program, including, at a minimum, the sources of funding for tuition, transportation, and any required fees or textbooks for students participating in the program; and

(9) be posted each year on the district's and the institution's respective Internet websites.

These goals provide guidance to institutions of higher education (IHEs) and independent school districts (ISDs) on components that must be in place to ensure that quality dual credit programs are provided to Texas high school students.

Goal 1: Independent school districts and institutions of higher education will implement purposeful and collaborative outreach efforts to inform all students and parents of the benefits and costs of dual credit, including enrollment and fee policies.

- TC and ISD will hold PAC meetings (alternating locations) that allow IHE and ISD staff to collaboratively address any ongoing dual credit issues and to further align marketing campaigns and dual credit goals.

Goal 2: Dual credit programs will assist high school students in the successful transition to and acceleration through postsecondary education.

TC and ISD alignment:

- TC will provide annual Dual Credit Orientation Sessions at the high school or college location for

parents and students. Orientation Sessions will include information about TC student policies, best practices for successful adaptation to college curriculum, and e-learning orientation to assist student access to provided online portals and student support.

- ISD will advertise the event to parents and students interested in dual credit and provide a location for the event if it is to be held on the high school campus.

Goal 3: All dual credit students will receive academic and college readiness advising with access to student support services to bridge them successfully into college course completion.

- TC will provide (1) Dual Credit Pathways guides that align high school pathways (endorsements), including dual credit courses, with Temple College academic or career and technology certificates and degree programs, (2) program maps showing a clear pathway to completion, further education, and employment in fields of importance to the region, and (3) transfer pathways aligned to pathway courses and expected learning outcomes with transfer institutions, which optimize the applicability of community college credits to university majors.
- TC will provide advising services at all center locations on a walk-in basis.

Goal 4: The quality and rigor of dual credit courses will be sufficient to ensure student success in subsequent courses.

TC and ISD alignment:

- TC endeavors to ensure quality and rigor of all college credit courses by upholding SACSCOC accreditation standards in hiring of faculty.
- All college faculty are evaluated annually by the relevant department chair in accordance with the college's Annual Evaluation policy, located in Temple College's Administrative Regulations.
