

FCCLA Report

Martha Moretich – Advisor

FCCLA – FCCLA is taking their end of the year trip to the San Antonio Zoo and Top Golf. They have enjoyed helping out this year and after asking what their favorite experience of the year was, they all said visiting the Ronald McDonald house to donate coke tabs was their favorite! They got to hear a story there of a teen battling cancer and learning how the Ronald McDonald house has been helping the family was inspiring to them all. These students will make great leaders and are awesome students!

I am also the Junior Sponsor Lead. Prom was a success last month and the students said they enjoyed it. For the end of the year trip the students chose to participate with the other classes doing field day and a movie trip to save money for next year. These students are ready for their senior year!
