

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13**  
**BOARD OF EDUCATION**  
**Bloomington, Illinois**

Regular Meeting      October 23, 2023

**FOR DISCUSSION:**

**Subject:      Grade Centers and Building Additions/Renovations**

DLA Architects will be present this evening to share with you preliminary drawings related to several options for the District to consider in the months ahead:

1. An option for an independent grade center for Early Childhood to be developed at the site of Four Seasons Park in Roselle;
2. An option for grade centers and how that configuration could look, including the possibility of 5<sup>th</sup> grade moving to Westfield;
3. An option for renovations to both elementary buildings to accommodate full day kindergarten programming and world languages.

DLA will also show preliminary drawings for renovations to Westfield to address class square footage, greater efficiencies in movement of people within the building, and many of the items contained within the 10-year Facility Plan. Of note, DLA plans to meet with the buildings to share this information and receive feedback to further shape the drawings to reflect staff experience in service to students.

Following the presentation, you are encouraged to ask questions.
