

January 30, 2026

Mr. Mark Winter & WEM Board of Education:

For the past 37 years it has been my privilege to work alongside excellent colleagues administrators, members of the WEM Board of Education, teachers, coaches, custodial, transportation, clerical and support staff. I have worked as a teacher, coach and administrator and have always strived to create positive opportunities for kids. With the support of WEM, I have also been able to serve on many Local, Conference, Region and State committees and boards so that WEM had representation and in helping to develop respect for the Waterville-Elysian-Morristown communities and school district and activities.

There are too many people to thank by name. For Jill and I, WEM is home. As a coach, I often said "success is not a destination but a journey." Thank you to everyone who has even a very small part in my journey.

Please accept this as my letter of retirement from WEM, at the end of the 2026 fiscal year, June 30, 2026.

Jeffrey P. Boran
