Committee Meeting Agenda Item

Topic: Technology Projects
Contact(s):
Presenter(s): Kevin Johnson, Director of Buildings, Grounds, and Technology

Nature of Action Requested by Board

Committee action	<input type="checkbox"/>
Committee information or report	<input checked="" type="checkbox"/>

Background Information

HBC Lease Agreement

The district's attorney reviewed HBC's initial draft of a lease agreement and drafted a second version. This version is being reviewed by HBC. When there is a tentative agreement, the proposed lease agreement will be presented to the Operations Committee and then School Board for approval.

Using Charter as an Emergency Cable Provider

After the district and residents lost HBC service on a school day earlier this year, a community member suggested that the district use Charter as a back-up in case HBC loses service again. Kevin has been researching this option since that time. The City and County do not have a second cable provider in case their primary provider loses services, and there could be substantial cost of having a second provider if there is an emergency.

Sound Systems

Kevin will provide an update about replacing one or more sound systems in the school district.
