

Training for Success with PLCs

Solution Tree PLC training - August 2016

About Solution Tree

- Solution Tree is widely regarded as one of the leaders in PLC training.
- Last year, more than 25,000 educators attended Solution Tree events on PLCs, RTI, assessment and other topics.
- Solution Tree provides large regional conferences specifically focused on PLCs which have been attended by district leadership.

August Training

Two Portions:

- Principal Training - 1 day session
- Continuous Improvement Team Training (including principals) - 2 day session

Principal Training

Will focus on:

- Structuring staff groupings for successful PLCs
- Structuring student and staff time to leverage student achievement out of PLCs
- PLC leadership from a principal perspective

Continuous Improvement Team Training

Will focus on:

- Why PLCs
 - Power of effective PLCs to improve student outcomes
- Critical components of an effective PLC
 - How that looks/works in practice
- Planning to improve PLC function in our buildings
 - Time given for our CI teams to take their new knowledge and use it to plan for improvement

Intended Outcomes - Principals

Principals will:

- Understand how to structure PLCs and the work day to support success for students.
- Understand how to support teachers to create highly effective PLCs.

Intended Outcomes - CI Teams

Principals and Teachers will:

- Understand the components of a highly effective PLC and what those look like in daily practice.
- Understand how to leverage PLC time to improve student achievement.
- Begin to plan for successful communication between staff and administration to support continuous growth in PLCs and student achievement.
