Subject: School Wellness Plan

Submitted by: Cindy Clendennen

**Consent Agenda**

Information: In the Child Nutrition and WIC Reauthorization Act of 2004, the U.S. Congress established a new requirement that all school districts with a federally-funded school meals program develop and implement wellness policies that address nutrition and physical activity by the start of the 2006-2007 school year. With the concerted efforts of the Beeville ISD SHAC, school health services personnel, food services director, and campus administrators, the Beeville ISD School Health Wellness Plan was developed to assist in good health and well-being for all students. The primary purpose of the School Wellness Plan is to prevent obesity among the students of BISD.

The Beeville ISD SHAC met on March 23, 2006 for final approval and recommendation to the Board of Trustees the attached School Health Wellness Plan.
