Assistant Principal

September 30, 2015

Dear Mr. Edwards,

The Special Progress Report for Derby High School is complete and is attached to this letter. One item on the report is still in the “no action” category – under the community resources heading, the following recommendation was made “establish a long-term plan to replace the asbestos floor tiles”. After conferring with our facilities director, the following interim measure has been taken to address this issue. “Derby Public Schools will continue to make yearly capital requests for funding to do one abatement project per year over the next 10 years”.

This is my first year as principal of Derby High School. The current NEASC report will provide a sound foundation for the areas that will be addressed as the school year progresses. I look forward to speaking with you soon and I am motivated to continue working on the Committee’s recommendations.

Please free to contact me at Derby High School, if you should have any questions.

Sincerely,

Martin Pascale

Principal

Derby High School

## MISSION STATEMENT

Derby High School pursues Academic achievement, promotes creative and critical thinking, expects appropriate Behavior and fosters responsible Citizenship.

“The ABC’s of DHS”
