COP sync 911™

Threat? Alert!

www.copsync911.com

COPsync911 sends an emergency alert to the closest law enforcement officers using COPsync and their dispatch center. Participants share information live in a Crisis Communication Portal, which may be expanded to include EMS and Fire.

Every Second Counts!

Real-time Access

- Live connection with threatened building
- Inform EMS and Fire of threat
- Unified communication among building and all first responders
- Automatic mapping of building location
- Immediate access to building diagram
- Single or multiple building Reverse Alert

Real-time Security

- Directly alert the closest officers in their patrol cars
- Communicate live with officers EMS and Fire
- Get officers on scene 5-7 minutes faster
- Activate alerts from computer or mobile device
- Automatic alert notification broadcast to computers and mobile devices
