State Testing

Preparation for state testing in the Spring is underway. We have a new platform for IAR and Science Test. The students won't see a change, but how the test is set up will all be different. So with the switch to ACT, there are a lot of changes in how we are testing this year.

Pana Elementary and Pana High School Summative Scores

Pana Elementary								
	ELA Proficiency	ELA Growth	Math Proficiency	Math Growth	Science Proficiency	Chronic Absenteeism	Climate Survey	Total
2023	8.04	18.6	8.04	9.82	5.36	14.73	5	69.59
2024	8.04	18.37	8.04	12.06	4.78	13.14	5	69.43
Difference	0	-0.23	0	2.24	-0.58	-1.59	0	-0.16

Chronic Absenteeism was the area we went down the most. The 2023 score is the Lincoln School score, so you can't really compare them.

Pana High School								
	ELA Proficiency	Math Proficiency	Science Proficiency	Composite Graduation Rate	9th Grade on Track	Chronic Absenteeism	Climate Survey	Total
2023	6.16	3.53	5.36	36.06	6.04	6.16	6.67	69.98
2024	4.05	1.38	4.88	40.59	5.76	6.15	6.67	69.48
Difference	-2.11	-2.15	-0.48	4.53	-0.28	-0.01	0	-0.5

The areas the high school went down in are Math Proficiency and ELA Proficiency. The Graduation Rate was the area where we saw the biggest improvement. Chronic Absenteeism is basically the same score, even though the rate improved. This is because the scores are based on how other schools are doing.

Other than Proficiency all other scores are in relation to how other schools are doing. So we can improve in areas, but our score may go down if other schools improve more.
