

# ECTOR COUNTY INDEPENDENT SCHOOL DISTRICT

Odessa, Texas

SPRING SEMESTER 2003-2004

## COMPLIANCE PLAN FOR CLASS SIZE MANDATE

Kindergarten	-	Waiver request for Goliad
First Grade	-	Waiver request for Jordan and Pease
Second Grade	-	Waiver request Burnet, Goliad and Noel
Third Grade	-	Waiver request for Travis
Fourth Grade	-	Waiver request for Blackshear, Cavazos and Sam Houston

### Plan of Action

Blackshear Magnet is two students over the cap in grade four. Since this campus is a magnet school, the enrollment numbers will be controlled so that no class exceeds the cap.

Burnet was over the cap by two students in each of the three-second grade classrooms. A teacher has been hired to get the campus in compliance.

Cavazos is over the cap by one student in the fourth grade bilingual classroom. Normal attrition should take care of the overage, and an aide was assigned to assist.

Goliad is over the cap by 4 students in kindergarten and was over the cap by six students in grade two. A teacher has just been hired to relieve the overage in second grade, and spring staffing will address the kindergarten enrollment.

Jordan exceeds the cap by one student in grade one. Normal attrition should balance the class loads by the end of the semester.

Noel is over the cap by three students in the bilingual second grade. Normal attrition and/or spring staffing will address the overage.

Sam Houston is over the cap by nine students in each of the fourth grade classrooms. A teacher has been requested to eliminate the overage.

Pease is over the cap by two students in the bilingual second grade classroom. An unexpected shift in enrollment caused the numbers to exceed the cap. Spring staffing will eliminate the overage.
