PBIS

BE Safe

BE Respectful

BE Responsible

BE A Good Citizen

The 2018-2019 Elementary theme is Super Heroes. The November Focus Area is the hallway with an emphasis on Orderliness, Quietness and Self-control.

Discipline Incidents for October

October was a good month at Tomahawk Elementary. We had 129 behavior incidents for October this year compared to 161 for October of the 2017-2018 school year. This is quite an increase from last month but October does tend to be a long month of school.

Trauma Sensitive Schools Training

During the opening of the year inservice Christine Peterson offered Trauma Sensitive Schools Training to the staff. Exposure to traumatic events in childhood is very common. This exposure doesn't always lead to difficulty in functioning, but research does tell us that exposure to trauma and toxic stress changes people. Schools are in a unique position to understand the trauma that many students are exposed to and with this understanding strive to prevent or minimize the impacts of traumatic exposure on our youth. Tomahawk Elementary School currently has a Trauma Sensitive School Team led by Christine Peterson. Christine is furthering the learning that started at the beginning of the school year's inservice by presenting the Trauma Sensitive Learning Modules developed by the DPI at one elementary staff meeting a month and leading the discussion with the staff around each module.
