

**SCHOOL BOARD RECOGNITION MONTH  
JANUARY 2026**

Each January, school districts across the state recognize and celebrate the dedication and service of their local school trustees. For 2026, the theme for School Board Recognition Month (SBRM) is Our Future Is Public. This theme emphasizes the critical role school board members play in shaping the future of our state.

As trustees volunteer their time and expertise to guide the direction of school districts, they are investing in the future workforce, their communities, and the Texas economy. Our Future Is Public is a year-round campaign focused on highlighting and elevating success stories from districts around the state. Learn more about [Our Future Is Public](#).
