

Three Rivers School District

8550 New Hope Rd ☐ PO Box 160 ☐ Murphy, OR 97533

FACILITY USAGE PROCEDURES – POLICY STATEMENT

The District cooperates with the community in providing use of the District facilities when possible, so long as such use does not interfere with the education and activity programs of the schools, or with the requirements for maintenance, operation, safety and security of the physical plant and grounds.

The District recognizes that its grounds are owned by the public, and it encourages the public use of its facilities including, but not limited to, its tracks, outdoor basketball courts, tennis courts, or any other athletic venue readily available to the public outside of normal working hours.

The ultimate determination of the requirement to provide insurability, and the cost, if any, for its use, is left to the discretion of the Principal, or, in the Principal's absence, the Superintendent, or Superintendent's designee.

Application Procedure

Groups wishing to use school facilities must complete a facility use agreement (see District policy KG-AR(2)) which may be obtained from either the building principal or from the District office.

Insurance

The User shall obtain, at User's expense, a Certificate of Liability Insurance; the District and its officers, directors, and employees shall be added as additional insured. All liability insurance policies affected by this provision shall be physically endorsed onto this policy.

The Limits of General Liability Insurance shall be as follows:

Each Occurrence	\$1,000,000
Damage to Premises (each occurrence)	\$ 100,000
Medical Expense (any one person)	\$ 5,000
Personal and Advertising Injury	\$1,000,000
General Aggregate	\$1,000,000
Products – Completed Ops Aggregate	\$1,000,000
Fire Damage (any one fire)	\$ 50,000

The Certificate of Liability Insurance form, along with the Facility Use Form, signed by the principal must be on file in the office of the Principal and the District's business office prior to usage of facilities. If insurance coverage is not available, the Superintendent, or designee, may agree to waive the requirement for insurance.

If the District Superintendent, Superintendent's designee, or principal determined that a Certificate of Liability Insurance is not required, the User shall sign a "hold harmless" provision and waiver of liability as part of the requirement to gain access to District facilities. The provision and waiver are included with AR(2) – Rules Governing Community Use of District Facilities. The User will then, in effect, be self-insuring as, under ORS 30-265, the District cannot be held liable for the actions of the User.

It is the principal's responsibility to ascertain that the proposed activity:

1. Will not be harmful to the school facility;
2. Will not interrupt the school's programs;
3. Will fit appropriately into the building use calendar;
4. Will have adequate and appropriate supervision;
5. Will not cause or allow a breach in security.

Compliance of OSAA policies, rules and regulations are the responsibility of the principal of the school making the facility use request.

Availability

- The District reserves the right to grant or deny permission for use of facilities at its sole discretion.
- Use of District facilities for church, partisan, political or sectarian purposes may be granted; however, such approval in no way implies District endorsement or sponsorship of these activities.
- Those organizations that have failed to pay for previous usage will be denied use until the past due debt is paid in full.
- Unauthorized use of the District facilities or failure to comply with the facility use agreement or policy may result in cancellation of agreement or denial of any future use.
- Programs that serve the District's students will have priority over adult programs when scheduling facilities.

When school administrators are unavailable, the District office will determine the availability of facilities.

Cancellation

District administration is authorized by the Board to cancel building use permits when it is apparent that such action is necessary for the best interest of the District. Nevertheless, the District should give at least a 48-hour cancellation notice, when possible, if a group's approval to use the facilities must be revoked.

Supervision

All groups using any facility will provide supervision. The building principal will determine the level and type of supervision required. The District strongly recommends that a District staff representative or designee will be in attendance whenever a large group or many minors will assemble, or other situations in which potential for harm to person or property is high. When "large" groups use the facility,¹ a District staff representative is required to be in attendance; or as a minimum, to open, close, and inspect the facility after its use, as determined by the building Principal.

Costs for District provided supervision for a specific activity (including overtime labor, for groups not paying fees or paying a reduced rate) must be reimbursed to the District by the using group. All District employees who are hired by the District to supervise will be paid through the District payroll department.

The District reserves the right to require police supervision at any event the administration deems necessary and to charge the user for that supervision.

Security

District keys should not be shared or given to non-District employees without appropriate record keeping and accountability. If the principal deems it necessary to issue a key, a \$25 deposit is required. The deposit will be retained in the school's petty cash account and will be forfeited if the key is not returned by the date specified. Keys must be returned promptly at the end of each season or event.

¹ Defined as 50 or more persons; however, this determination is left to the building Principal.

Safety, Liability & Care of Facilities

Any organization sponsoring the use of the building or grounds shall assume liability for any accidents that occur upon the grounds or in the buildings during the times such facilities are in use under its direction.

The building administrator or designated supervisor has the right to stop any activity at any time if in his or her judgment there is a violation of the rules contained in this document, or if the activity is deemed to be hazardous to personnel, property, equipment or participants.

If damages occur during the use of a facility, documentation must be provided by the supervisor detailing the date, time, location, nature of the damage and the responsible party. The principal and the District office should be notified as soon as practical and photos taken if possible.

Returning the facility to the condition it was prior to usage, including cleanup and the return of all keys is the responsibility of the user. Failure to comply will result in additional charges, including the cost of cleanup, repair, re-keying and possible denial of future facility use.

To control the usage of the facility, halls are to be blocked off when school is not in session.

If a group uses a facility and the doors are left open or unlocked then a fee of \$25 shall be assessed for each occurrence.

Specialized Facilities, Equipment & Usage

1. **Gyms and Multipurpose Rooms:** Appropriate (nonmarking) gym shoes are required for all participants involved in active sports and games.

2. **Kitchens and Cafeterias:**

- For activities that do not involve actual food preparation or operation of kitchen equipment, access to kitchen facilities will be allowed only under the supervision of an appropriate school employee whose responsibility would be to consult with the kitchen manager prior to the activity and to see that kitchen facilities are left as mutually agreed;
- For activities involving actual food preparation, regularly employed kitchen workers **must** be present. The actual number required depends upon the activity and must be determined by the kitchen manager and the Food Service Director. To ensure that professional food service employees will be available, requests must be submitted to the Food Service Director no less than two weeks prior to the scheduled event.

3. **Playing Fields:** Organizations renting playing fields will be required to provide portable restrooms for participants. Failure to comply will result in denial of future use.

Rules of Conduct for Use of School District Facilities may be found in KG-AR(2), Rules Governing Community Use of District Facilities.

Group I: Groups Granted Free Use of District Facilities²

The following groups, organizations, or activities will be granted free use of District facilities providing such use shall in no way interfere with or be detrimental to school functions. Such free use will be limited to those times when a District employee is on regularly scheduled duty. A charge will be made for the use

² Building Principals have the flexibility to place individual organizations in categories other than shown here, as they determine appropriate. The rationale and justification for such changes will be documented, and the documentation will be attached to the Facility Use Agreement.
