Re: Approval of Purchase of Six Student Buses from BD Holt Company d/b/a Holt Truck Centers

The 2023 bond election includes the purchase of approximately 30 student passenger buses over the life of the bond. As part of Coppell ISD's bus replacement schedule, we are in need of ordering three (3) - 77 passenger buses and three (3) - 54 passenger buses with lifts for wheelchairs in order to take delivery in February or March, 2026.

The total cost of the six (6) buses is \$915,302.00 from BD Holt Company d/b/a Holt Truck Centers.

The proposal from BD Holt Company d/b/a Holt Truck Centers was procured in accordance with Texas Education Code §44.031 through the district's membership with TASB Buyboard, contract #630-20.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve the purchase of three (3) 77-passenger student buses and three (3) 54-passenger buses from BD Holt Company d/b/a Holt Truck Centers at a total cost of \$915,302.00.
