Dear CCSD Board,

I would like to request that I be considered for placement on the CCSD board for open seat 1.

I have about 10 years experience of board member service. During my tenure, the Board dealt with many different challenging issues including

Expansion of Industrial Arts at the High School.

Search for new Superintendent

Transgender Policy issues

Special Education controversies

COVID 19 Educational disruptions

The issue of "Masks in school"

Board Representative of the Negotiations Committee.

I have shown that I can be a valuable working member of a deliberative body.

I am a 30 year resident to this community and a local business owner.

Thank you very much for your consideration.

Sincerely,

Scott Brookshire
