1422.01 - **DRUG-FREE WORKPLACE**

The Board of Education believes that quality education is not possible in an environment affected by drugs. It will seek, therefore, to establish and maintain an educational setting which

[] [OPTION #1 (needed only if Federal funds come directly from Washington)]

meets the requirements in the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act.

In compliance with the Act, the Board prohibits the manufacture, possession, use, distribution, or dispensing of any controlled substance, including alcohol, by any member of the District's administration at any time while on District property or while involved in any District-related activity or event. Any administrator who violates this policy shall be subject to disciplinary action in accordance with District guidelines.

The Superintendent shall establish whatever programs and procedures are necessary to meet the Federal certification requirements.

[X] [OPTION #2 (applies to most schools)]

is not tainted by the use or evidence of use of any controlled substance.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance (except for Doctor ordered medication), alcohol, and any drug paraphernalia, by any member of the District's administration at any time while on District property or while involved in any District-related activity or event. Any administrator who violates this policy shall be subject to disciplinary action in accordance with District guidelines.

The Superintendent shall establish guidelines that ensure compliance with this policy and that each administrator is given a copy of the standards regarding unlawful possession, use, or distribution of illicit drugs and alcohol and informed that compliance with this requirement is mandatory. Such guidelines shall provide for appropriate disciplinary actions, if and when needed.
