

HISD Transportation

Transportation has had a good start to the year. We are carrying a little over 2300 students to and from school each and every day. We started out with a full crew of drivers and have a monitor on almost every bus as well. We are losing a driver on the 20th but we have figured out a way to combine 2 routes so that we are not short of any drivers. We are down to 42 regular buses and 6 SPED buses running daily. This makes the average about 50 students per bus. We have completed a couple of head counts this year and have had to make some small changes to equal out some areas. We will probably have to add back a route or two in the near future after looking at some of the numbers in certain areas. We will be paying close attention to this and trying to get a few people trained and ready to drive. I am going to add the average ridership at each campus based off of 2 afternoon routes below this. We thank you for your continued time and support.

Average Student Ridership

North = 241

East = 261

West = 272

Intermediate 5 = 246

Intermediate 6 = 220

JH = 399

HS = 419

Daycares = 106

Shuttles (campus to campus) = 193

Total = 2357
