## 21<sup>st</sup> Century Schools Councils Site Councils

The overall purpose of shared decision making is to enhance student achievement through both improvement of the instructional program and delivery of support services.

Shared decision making is part of site-based decision making. It is a process, not an end in itself. Site-based decision making provides an opportunity for members of a school community to collaborate, where appropriate, in solving problems, defining goals and shaping direction for an individual school or unit.

The district encourages the collaborative work of shared decision making. Thus, a 21<sup>st</sup> Century Schools Councils and/or district site committees are supported.

The guidelines directing the actions of site councils are outlined in the Board-adopted “Site-Based Decision Making Plan.”

Site councils are subject to the Public Meetings Law. Notices of meetings and minutes shall be made.
