Gilbert Rodriguez, parent, addressed the Board regarding governance concerns and implored the Monitor to guide the Board on the corrective action plan.

Ernest Arrellano Jr., Trustee, addressed the Board regarding the Board President threatening to remove him and removing the District 1 Trustee from the last meeting and the Board Presidents attempt to ban Ms. Olvera, Community Member, by issuing a formal complaint which suspended her.

TEA MONITOR REMARKS/REPORT

Dr. Abe Saavedra, TEA Monitor: Thank you Mr. Flores. Good evening Board members and you know April the 5th was several people have said have stated already was deplorable and not very becoming of a Board. And on April the 5th, I saw a Board that was pretty strongly divided on a 4/3 on most major issues. And I realize Mrs. Alderete you have submitted your resignation at some point because of your health and it's good to see you and you look good. And once that resignation is accepted by the Board, the only thing I can tell you is that I am starting to see a 3/3 split at that point. And it's very difficult to conduct business with really any kind of split like that. Months back late Summer, early Fall, things started to look really good for this Board. You saw it in my reports. During that period of time I even identified a projected exit for the Monitor which I believe was August of this year which would have been right close to 2 years of being here. And even on the most recent reports submitted those dates are still there. But based on the behavior of April the 5th. how this meeting has already started, with division, I really think that that date needs to be amended. I don't know to what but things have got to get better before this Monitor or TEA exits completely from South San. I would encourage you that at whatever point that you accept the Trustees resignation that you move as quickly as possible replace that individual with whatever process the Board decides to follow that's entirely up to you. There's a lot of things that need to happen that have lingered for about a year and a half that were very clear from the very beginning as to what this Board needed to do, that TEA had requested. Everything from reviewing policies on how the Board and the Superintendent work together collaborate together, reviewing them, modifying as needed, the involvement of Board

training as a Board, and that's one of the reasons that replacing the Trustee quickly is important because all 7 of you need to participate in that Board training that's been on the books for a year and a half. From the very beginning and that hasn't been completed yet. The review of policies hasn't been completed yet, the list goes on but just about everything that TEA listed from the very beginning and from the appointment of this Monitor, very little of anything has been completed by the Board. And we continue to have the various discussions that we've had as a Board on issues that really don't pertain that much to kids. In some cases, they do but primarily they're adult issues. I would encourage the Board to collaborate with each other, work together, stop the split that is occurring, that has occurred now for a period of time because quite frankly its, the District is not moving forward until this Board can learn to work together.

SUPERINTENDENT'S REMARKS (NO ACTION / REPORT ONLY)

Henry Yzaguirre, Superintendent of Schools, addressed the Board and audience regarding state testing started this week and continues through next week. He stated next Friday will be a district holiday. He stated that we are monitoring our campus participation rates, which are high so its promising that we will have a successful 2 weeks of testing. He informed that the TEA continues to conduct safety audits at our campuses and we have been successful with over 90% and we had one door infraction at Benavidez ES but all others have been positive reports. Mr. Yzaguirre thanked Mrs. Alderete her years of service to her community and for being an advocate of South San ISD.

4. Discussion and possible action to permanently close West Campus High School and authorize the Superintendent to, at his discretion, to reassign personnel and students to South San Antonio High School and other campuses.

Henry Yzaguirre, Superintendent withdrew his recommendation with reasons: it is very difficult for staff to consolidate 500+ kids on a master schedule to another campus this late in the year. Normally that practice happens in January, we are now in mid to late April. We will not have the ability to forecast staffing should we make a decision at this time to be able to fulfill the needs of our students. Aside from that, the undo stress to our students and our families this late to be able to move them around and situate them at another campus would be uncalled for or at least unfair for those families. He shared that we are in the middle of a consolidation of 3 other schools at this particular time, and adding one now, a month and a half behind, would put another undue stress. He added that however, removing this item today does not mean that we must put this aside forever. We all know that we have a deficit and this issue has to be brought up at some time for the following school year. He stated that this also comes with some sort of a shortfall for our students and our staff. He said please understand that the district will not be able to afford any major upgrades to facilities as we now are sitting in a deficit. He stated that students that wish to take a course or a class at South San High School whether it's for CTE or for another special program they will be scheduled to a half day at that campus. He stated that we would eliminate the hourly transporting kids back and forth all day and that they will be done in the morning, midday and at the end of the day to alleviate the headache of transportation and of course we will not deny any parent who wishes to have any interest of an intradistrict transfer just like we would for any other student in our district. He said that we need to be fair to our families, we need to be fair to our students, and we need to be transparent. He stated that the decision is difficult and that they understand the situation we are in but at the end of the day we are here for the students of this district and that moving them now would be a disservice but it doesn't mean that this is not something that we need to bring back for further discussion as we prepare for the following year. He stated, so at this time Mr. Board President, I would like to remove item#4 from the agenda.

Mrs. Alderete made a motion: I'd like to make a motion that we accept the Superintendents recommendation to remove this item, Mr. Lopez seconded, and the Board of Trustees voted 6/0. Motion passed.
