## Electronic Devices - New Statute and Policy

The students have done a great job overall managing electronic devices and in many cases students see that the change has led to a more focused participation in school.

This is a reminder that in accordance with state law and school policy, all electronic devices—including cell phones, earbuds, and smartwatches—must remain **powered off and stored in your backpack** from the **first bell until dismissal** each school day.

Violating this rule will result in the following consequences:

- **1st Offense:** Phone is confiscated. Student may pick it up at the end of the day. Parent/guardian will be notified.
- **2nd Offense:** Phone is confiscated and **only released to a parent or guardian. Saturday School** will be assigned.
- **3rd Offense:** The phone is confiscated. A required meeting with an administrator is scheduled with the parent or guardian, focusing on a plan for moving forward. **Two Days of Saturday School** will be assigned.

If you have not received an email from Stopfinder please email [transportation@jarrellisd.org](mailto:transportation@jarrellisd.org).

## Intent to Return

Filling out the Google Form below is **required for all students**, whether you are **returning or not returning** to JISD for the upcoming school year. This information is essential for planning and, for returning students, it is necessary in order to be **assigned a teacher**. All families must provide **proof of address**. If the proof of address is not in the parent or guardian's name, **an affidavit will be required**. Please **call the JHS Registrar's Office** to discuss the next steps in this process. We're here to help make it as smooth as possible.

**SRP STANDARD RESPONSE PROTOCOL**

**INFORMATION FOR PARENTS AND GUARDIANS:**  
Our school has adopted The "I Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be training, practicing, and drilling the protocol.

**COMMON LANGUAGE:**  
The Standard Response Protocol (SRP) is based on an all-hazards approach as approved by individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol. The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Checklist." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

**HOLD**  
"In Your Classroom or Area"  
Students are trained to:  
• Clear the hallway and remain in their area or room until the "All Clear" is announced.

**EVACUATE**  
"Go to Location"

## Khan Academy

A great resource for students is the Khan academy. The organization has resources for most students grades and specifically high school. Most high school subjects are supported.

In a [recent study](#), students were over twice as likely to meet grade-level standards with Khan Academy. Districts across the country are partnering with us to ensure all their students succeed.

The link to Khan Academy is located at [www.khanacademy.org](http://www.khanacademy.org)

## Attendance Matters!

Excessive absences place your child at risk of losing credit for the semester or the year. State law requires at least 90% attendance which allows for only 9 absences each semester of the school year to gain credit or be promoted. Attendance has a direct impact on a student's ability to learn. Please help us give your child the best education possible by ensuring they are in regular attendance at school.
