May 28, 2024,

To Whom It May Concern:

The city of Rogers was hit by tornadoes on Sunday morning, May 26, 2024. The result of these tornadoes was devastating. There was extensive damage to businesses, homes, and some of our schools. Most of the city is still without power, internet, or phone service. Many traffic lights are still not operational. Many of our families, including staff, are currently displaced. Due to emergency circumstances, the Rogers School District is requesting a waiver of Standard 4.A.4.1. We were scheduled to attend school three more days (May 28-May 30) and at this point, that is not possible.

Thank you for your consideration!

Sincerely
