- 1. Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?**

I am requesting approval of a contract with Boys and Girls Club for the 2008 – 2009 school year.

- 2. Provide history/background information on your proposal.**

This renewed partnership has proven to be very successful. Working in close collaboration with Boys and Girls Club, students are placed into the program for primarily short-term interventions. In almost all cases, students are able to successfully transition back to the regular program. The goal with placements at Boys and Girls Club is to provide a short-term intervention with students BEFORE their behavior becomes so severe that multiple suspensions or an expulsion become necessary.

I am requesting we contract for 10 “slots” for the 2007-2008 school year. These “slots” will cost us \$37,500. This is less than the \$58,000 ADM generated by these students and the \$37,500 has been budgeted in alternative education services.

The 10 “slots” will be available to all the middle schools. The principals will work together to determine how to maximize the use of the “slots”.

- 3. List the advantages of your proposal.**

Pressure will be taken off of the high school alternative programs and an additional option for middle school students will be available.

- 4. List possible disadvantages of your proposal.**

This contract will necessitate a payment of \$37,500.

- 5. List possible alternatives that could also offer a solution to your proposal.**

**Why were they not recommended?**

- 6. Superintendent’s Recommendations:**
