

Executive Summary

Prepared for Board of Trustees Meeting

August 11, 2009

Microsoft Live@EDU

Board Goal:

This presentation will reach all Ia, Ib, IIa, IIb, IIc, IId, IIe, IIIa, IIIb, IIIc, IIId, IIIe, IVa, Va, VIa, VIb, Board Goals

Purpose of Report

The purpose of this report to the Board will provide insight into the Microsoft Live@EDU offering within Denton ISD for staff and students

Objectives

- Introducing 21st Century technology skills for staff and students
- Saving the district money while increasing collaboration among staff, students and parents.

Operational Impact

There will be no financial impact on the district. This program will have professional development offered through the existing technology support staff.

Results

This program will give our students and staff a platform to communicate and collaborate while putting into practice 21st century electronic networking skills.

Other Options

No other options were considered as this is based on our current installed Microsoft platform and is free.
