

Activities Report- As the Activities Director I set personal goals for myself throughout the summer. As of now I am currently working on making the Student Handbook virtual. Over the past couple of years I noticed the amount of paper being used to create the handbooks and the amount of handbooks in the trash, I wanted to make most handbooks available online. I also worked on the Coaches Handbook to be virtual as well.

In the handbooks, after reading through the handbooks, I made a few grammatical edits and cleared some confusing language. I also added some language to help clear some rules/guidelines regarding social media.

I also completed a Powerpoint for my Fall Parent Meeting happening August 11, 2021 at the BHS cafeteria. The Adult Eekahkimaht workers that have been working at BHS this summer have been instrumental in helping get organized with the new sports facility's equipment. Right now we are working on the logistics of how a football game will look this fall as far as parking, admission, seating, and we should have a number of security workers needed for the first few games. Volleyball sport equipment was checked and Volleyball is ready for practice and games for next season.

We are still waiting to get into the storage shed so we can organize all track, football, and softball equipment.

I am very concerned about the sizes of both concession stands in the sportsplex, as it seems my office is bigger than both. I have made purchases over the summer that I thought would fit inside the stand but with the soda refrigerator, hot beverages, cash registers, workers, and students. It seems that we'll only be able to fit about 5 students in each concession stand, along with one till worker, and a single sponsor. I'm not sure how we are expecting to make any money from the concession stand this fall to accommodate the size of crowds we usually get every year at every game. Coach Hiring has been difficult this summer, as I posted on Facebook after our HR Director posted to the district, and had a few responses. As of now here are the following positions needed:

## BHS Fall Coaches-

Volleyball recently hired a head coach as we waited all summer with zero applicants. We finally hired the only applicant and as of now we have 3 applicants. Football- Needed two applicants and only one person applied so we still have the other positions that need to be filled.

XC- Recently added a new coach

Golf- Both coaches from last year we rehired

Fall Cheer- Both coaches hired from last year

Speech and Debate- Head coach was rehired this year and a new assistant coach was added this summer

Winter Coaches- Boys basketball needs one assistant coach as we had one resign from his position this summer

Spring Coaches- Softball will need one assistant coach

BMS-

GBB- Needs 4 new coaches, has three applicants

FB- Needs all six positions filled and there are zero applicants

XC- Needs 2 and has 2 applicants

BBB- Needs 4 positions filled and has 2 coaches rehired from last year. We had 3

rehired but 1 resigned his position recently

VB- Has 1 coach and needs 5 positions filled

WR- Needs 1 position and rehired 2 coaches from last year

TR- Needs 3 positions filled and 1 rehired coach from last year

SB- Needs two positions filled and has one applicant

Golf- Needs both positions filled

Napi-

XC- Needs 3 coaches with zero applicants

FB- Filled

VB- 4 positions need to be filled and 2 applicants

GBB- 4 positions need to be filled and 3 applicants

**BBB-** Filled

SB- 2 positions need to be filled and 1 applicant

TR-- 2 positions need to be filled and zero applicants

Babb-

All sports need 1 coach each and zero applicants so far

Eekahkimaht Numbers Guesimated-

BHS- At BHS site, report from the Eekahkimaht Coordinator, daily average of students serviced were 75-125 students a day from June- July. First week in July was an average of 75-125 students a day. The week after the Healing Celebration we averaged 35-60 students a day this week

Eekahkimaht BES K-8th Grade students

2700 students served during regular Eekahkimaht hours from 3:00-7:00 pm. Numbers for open gyms have not been counted yet.

Cultural Nights-

Right now we have 4 ladies that have been coming in and teaching students and community members how to make dance regalia. All materials were provided by the Blackfeet Tribal Business Council, ManPower, and the 21st Century. There were 12 girls that had brand new outfits for the Healing Celebrations. One girl made her own ribbon skirt and is more than halfway done making her own moccasins. We have been averaging about 10 community members coming in to get measurements, make a dress, get help with making their home projects- meaning they're getting help using their own materials, and some just coming to help.

That is all for now, attached are some pictures and videos from the Activities Department. First Picture is of our Blackfeet Flag with our School Colors
