Expression of Milk or Breastfeeding in the Workplace *

****When possible, an employee must give reasonable notice of the intent to express milk or breast-feed to their building administrator. **The district shall provide the employee a reasonable rest period to express milk or breast-feed each time the employee has a need to express milk or breast-feed. If feasible, the employee will take the rest period at the same time as the rest periods or meal periods provided by the district.**

****The district will make a reasonable effort to provide a location, other than a public restroom or toilet stall, in close proximity to the employee's work area, where an employee can express milk or breast-feed in private, concealed from view, and without intrusion by other employees or the public. "Close proximity" means within walking distance from the employee's work area that does not appreciably shorten the rest or meal period. If a private location is not within close proximity to the employee's work area, the district may not include the time taken to travel to and from the location as part of the break period.**
