

Babb Elementary March Board Report

March 5, 2018

Greetings Board Members,

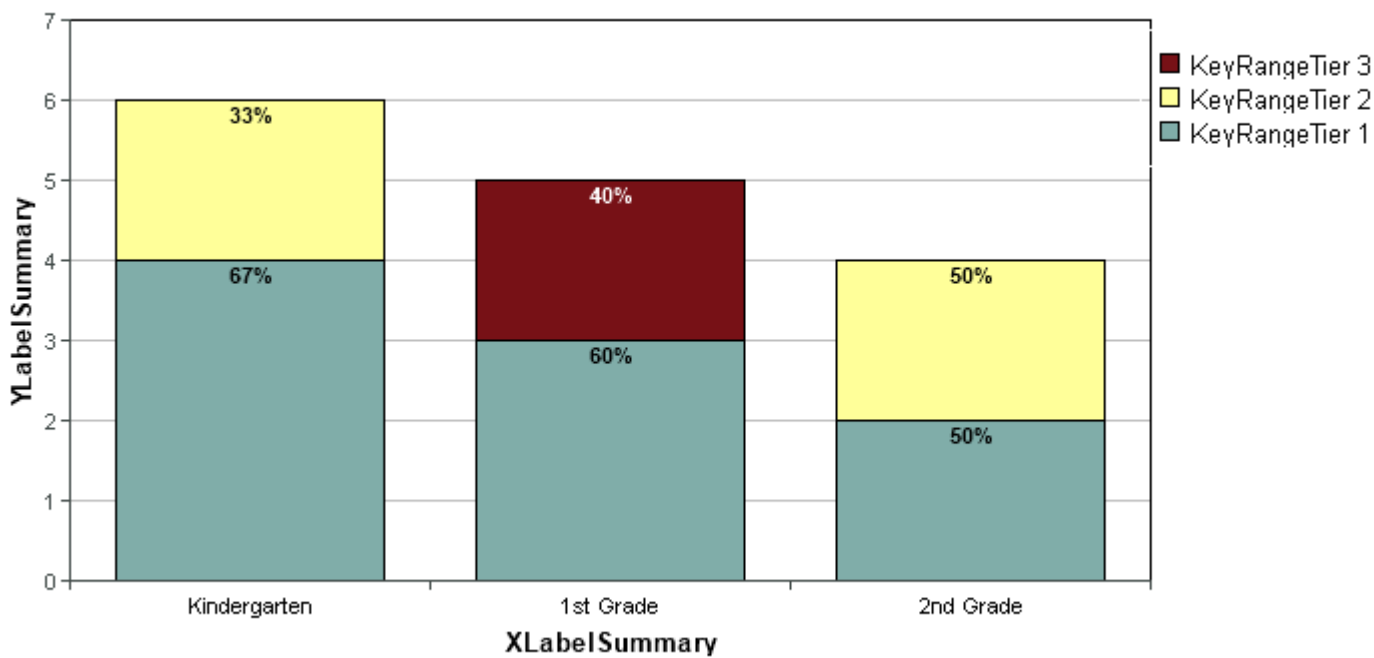

We do not have a lot of information to share for the month of February due to the winter storms. We are thankful that our students, their parents, and our staff stayed safe during those two weeks of the hazardous winter weather. We generally STAR test the third or fourth week of each month, however this month we did not test until the first few days in March. In the Kindergarten through 2nd grade classroom there was a decline in our test scores. It could have been a result of the days that were missed or a result of testing the students every month. I have noticed that when students are tested less they tend to do better on the assessments. Over testing students can cause the students to lose interest and put less efforts into their tests, resulting in lower test scores. Up until this year, we only tested our students quarterly for STAR Math & Reading. Our action plan for this current required us to test each month.

We were not able to attend our field trip to Great Falls as a result of the storms, and the trip has been rescheduled for March 28th.
